ACKNOWLEDGMENT

In accordance with Title 8 Section 8.40 of the Cache County Ordinance, I hereby submit and certify that the information contained in this application is accurate and complete to the best of my knowledge.

 Applicant _____ Date 5/12/2020

Application Deadline: Completed application forms must be submitted to the Cache County Development Services Office forty-five (45) calendar days before an event is scheduled to take place. This allows sufficient time for evaluation of the application. Late applications shall be denied unless the applicant demonstrates that compliance with the 45 day deadline was impractical or impossible due to the nature of the event. A special event permit application may be approved and a permit issued to the applicant by the Director upon approval by all the agencies specified in Section 8.40.40.

Authority: Cache County has no authority to approve permits for events other than in the unincorporated area of Cache County. Permits issued by Cache County apply only to the unincorporated area of the county, and if an event crosses into a municipality within Cache County or across the county line, applicants should determine if a permit is necessary in the other jurisdiction.

Right to Deny: Cache County reserves the right to deny permit applications for proposed special events which may pose, or have posed a significant danger or threat to the public health, welfare or safety, or which may result in unreasonable inconvenience or cost to the public. In the event the application is denied, the applicant may appeal to the Cache County Executive.

Aubrey,

I have reached out to Brent Chambers to let him know that whoever provides the dinner fundraiser will need to have a permit from us (catering or special event) and that they will be required to follow whatever guidelines are in place from the Governor regarding dine-in eating, if the county is still in the yellow/low-risk phase at the time of the event. He will not need a mass gathering permit because they don't quite meet the requirements as the event is mostly mobile.

Please let me know if you have any questions or concerns.

The review of the special events application for the LOTOJA ride has been completed. The main concern for the Fire District is the amount of bicycle traffic on the county roads. In the past, bike rides of this size have completely blocked an entire lane of traffic and cyclists fail to yield to emergency vehicles. Please advise the event organizers to recognize traffic safety and the requirement to yield to emergency vehicles.
