CONDITIONS OF APPROVAL

1. All participants and volunteers shall comply with County Ordinance §8.40 governing special events.
2. Event organizers must comply with the information as submitted in the Special Event application.
3. Event organizers and runners must allow access for emergency vehicles as required.
4. Public Safety will be handled by the Cache County Sherriff's Office as is noted in the submitted application.

AGREEMENT OF ACCEPTANCE

As the applicant for the special event described above, I hereby agree to comply with all Federal, State, and County laws, ordinances, and regulations before, during and after the event. I further agree to indemnify and save harmless Cache County, its officers, agents, and employees from and against any and all claims resulting from the use of the premises by the Applicant, the Applicant's invitees, licensees, agents and employees. I agree to permit law enforcement personnel the free and unrestricted access to and upon the premises at all times during the event for all lawful and proper purposes not inconsistent with the intent of the permit.

I understand and agree that this permit may be revoked upon breach of any of the conditions herein or at the discretion of the authorized officer. I understand that this permit is not transferable and agree not to transfer my permit to any person, corporation, organization or other entity.

In Accordance with Title 8 Section 8.40 of the Cache County Ordinance, I hereby submit and certify that the above information provided is accurate and complete to the best of my knowledge.

ACKNOWLEDGMENT

In accordance with Title 8 Section 8.40 of the Cache County Ordinance, I hereby submit and certify that the information contained in this application is accurate and complete to the best of my knowledge.

Julia Bullard 1/28/2021
Applicant Date

Application Deadline: Completed application forms must be submitted to the Cache County Development Services Office forty-five (45) calendar days before an event is scheduled to take place. This allows sufficient time for evaluation of the application. Late applications shall be denied unless the applicant demonstrates that compliance with the 45 day deadline was impractical or impossible due to the nature of the event. A special event permit application may be approved and a permit issued to the applicant by the Director upon approval by all the agencies specified in Section 8.40.40.

Authority: Cache County has no authority to approve permits for events other than in the unincorporated area of Cache County. Permits issued by Cache County apply only to the unincorporated area of the county, and if an event crosses into a municipality within Cache County or across the county line, applicants should determine if a permit is necessary in the other jurisdiction.

Right to Deny: Cache County reserves the right to deny permit applications for proposed special events which may pose, or have posed a significant danger or threat to the public health, welfare or safety, or which may result in unreasonable inconvenience or cost to the public. In the event the application is denied, the applicant may appeal to the Cache County Executive.

Special Event Review Needed: Ragnar Wasatch Back

To: Aubrey Hanks <aubrey.hanks@cachecounty.org>

Aubrey,

They reached out to us a few months ago to make sure we were OK with their plans. As long as they have cleared everything will the School District for Mountain Crest use we are fine with the Hyrum portion of the course. There will be construction going on at 300 South & Highway 165 for the traffic light installation by the High School. This shouldn't impact them on a Saturday.

Thank you for all your work with these special events. This is a big help to the communities.

Ron Salvesen

Date: May 3, 2021

Re: RAGNAR

The Cache County Sheriff's Office has reviewed the event request for "RAGNAR 2021" and has determined that the Sheriff's Office will staff this event scheduled for June 12, 2021. Public Safety will be handled by the Cache County Sheriff's Office as is noted in the application submitted by the event sponsor. The Utah Highway Patrol should be responsible for traffic control for any portions of the race that occur on state roads. The permit can be granted as far as the Sheriff's Office is concerned.

Sincerely,

A handwritten signature in blue ink, appearing to read "Greg Johnson", with a long horizontal flourish extending to the right.

Aubrey,

I have reviewed several special event permits to see if there are any additional items needed from the Health Department.

Ragnar Sprint Wasatch Back - No additional permits or information is needed

Cow-a-Bunga Race - No additional permits or information is needed

Bike MS: Harmons - There are a few questions I have regarding the food being provided. I am in contact with the event manager and will let you know when everything is approved

16 Crossings Trail Run - There are a few questions I have regarding the food being provided. I am in contact with the event manager and will let you know when everything is approved

Health Days Fun Run - There are a few questions I have regarding the food being provided. I am in contact with the event manager and will let you know when everything is approved

Logan Peak Trail Run - There are a few questions I have regarding the food being provided. I am in contact with the event manager and will let you know when everything is approved

Please let me know if you have any questions or concerns.

Thanks,

--

Aubrey,

I was able to talk with those 4 events that I needed additional information from. Everyone is good to go and they don't need any additional permits from the health department.

Please let me know if there is anything else I can do for you.

Thanks,

APPLICATION CHECKLIST

A complete application must include the following unless specified otherwise:

- 1) Completed application form and application fee (\$75 – no refunds) submitted 45 days prior to event. Additional fees for services provided by the Sheriff's Office, emergency services, or others may apply.
- 2) Proposed location, including a plat or map of the proposed area to be used, including any barricade, street route plans or perimeter/security fencing.
- 3) Total number of participants: Estimate must include event staff, participants, and spectators.
- 4) Public health plans, including plans for culinary water supplies, solid waste collections and disposal, and waste water (toilet facilities).
- 5) Proof of insurance in conformance with the County Ordinance 8.40.050(F) minimums: \$1,000,000 each occurrence, \$2,000,000 general aggregate, and \$100,000 property damage.
- 6) Fire prevention and emergency medical services plans.
- 7) Security plans and/or law enforcement response.
- 8) Admission fee, donation, or other consideration to be charged or requested.
- 9) Plans for parking
- 10) *If* the event will be held on private property, a current taxation certification for that property.
- 11) Further information may be required by staff, other departments and agencies, and/or the Board/Committee/Council that reviews the application based on the proposed event.

PROJECT REVIEW PROCESS

- The applicant is encouraged to meet with staff prior to the deadline date to discuss the project and ensure that the information submitted is sufficient to provide a complete review of the project.
 - After the application is accepted, information packets are sent to various departments, agencies, and affected municipalities that provide comments and/or approval for the proposed event to the Director of Development Services.
 - In some instances a pre-event meeting may be held with planning staff and representatives from the departments and agencies that provide comments on the project review. Any issues present on a project will be discussed with the appropriate department or agency.
 - A draft permit is made available to the reviewing agencies, affected municipalities, staff, and the applicant.
 - Following agency/department review and approval, and correction of any outstanding concerns/issues, the permit can be issued.
-

Ragnar Sprint Wasatch Back- Cache County

2021 WB Special Event Additional Information

The Ragnar Wasatch Back race has been an annual tradition for the past 17 years through the rugged mountains of Utah's beautiful Wasatch range. We are excited to bring the 2021 race back as a **one-day** event. A Ragnar Sprint course is a one-day take on our classic overnight relay format. Please see below for more information regarding the details of Ragnar Sprint Wasatch Back 2021.

(Changes to the event due to this new format are highlighted in yellow.)

Included information:

- Event Description
- Exchange Points
- Relay Timing
- Safety, Emergencies and First Aid
- Officer services
- Traffic Impact/ Traffic Control
- Waste Receptacles
- Signage Plan

Please contact me regarding any questions you may have.

Many thanks,

Julia Bullard
Senior Race Director
Ragnar Relay Series | Ragnar Events, LLC
jbullard@runragnar.com | Runragnar.com

Event Description

The Ragnar Sprint Wasatch Back is a long distance running relay race that will begin at Utah State University and end at Snowbasin Resort on June 12, 2021.

- We anticipate 300 teams to participate in the event. Unlike our traditional relay format, Sprint teams only comprise of 1 vehicle and 3 - 6 racers. We anticipate approximately 1,500 runners and 300 vehicles on the course. This is less than half the amount of participants compared to our 2019 event.

- During the relay, each team member runs two legs. Only one person from each team will be running on the course at a time. There will only be 300 runners on the course at any given time.
- Start times are staggered. The objective for the staggered start time is to spread the participants out so that the impact on local traffic will be minimal to avoid large groups of runners clustering together.
- Runners are instructed to obey all traffic laws and regulations. The race course will utilize sidewalks, running paths, bike lanes, and road shoulders.

Exchange Points

Teams pass the baton from one runner to the next at exchange points. An exchange includes portable toilets, an exchange area, and traffic cones used for crowd control. Unlike our traditional relay, which includes 30 minor and 5 major exchange points, Sprint courses are only comprised of 12 minor exchange points. Ragnar is in the process of obtaining permission from the various locations for the use of exchanges.

Exchange Points in Cache County:

- **Start Line: USU-** 850 E 1200 N, Logan, UT 84322
- **Spring Creek Middle School-** 350 W 100 N, Providence, UT 84332
- **Mountain Crest High School-** 255 S 800 E, Hyrum, UT 84319
- **Paradise Park-** 114 E 9500 S, Paradise, UT 84328
- **Val Kotter's Field-** Paradise, UT 84328
- **Avon Pass-** S. Canyon Rd.

Relay Timing

Since the race will now be a one day event, and only comprised of half the amount of participants, relay timing will be much more condensed compared to previous years. We will have estimated relay timing for each leg of the course as we get closer to the event.

Safety, Emergencies, and First Aid

Safety is our top priority. Runners are educated prior to the race concerning event and safety rules as follows:

- Runners are required to obey all traffic laws and we instruct them to use the sidewalk when available.
- Ragnar provides a Race Command number during the race. Runners may text Race Command for any concerns or problems out on the course.
- In case of emergency all runners and staff will call 911. Then contact our Race Command number (661-Ragnar1) to let race staff know of the emergency.

- We have 8-12 Ragnar Staff and trained volunteers on the course at all times monitoring the course.
- A Medic Station and Medical Staff will be located at the finish line. These Medic Stations will be equipped to handle heat exhaustion, and all minor sport injuries. We hire EMT intermediate personnel or above, either through a medical staffing agency or directly through local hospitals or emergency service personnel.
- In the event of a major medical emergency (i.e. any life threatening condition or injury that requires immediate medical attention) we instruct runners/volunteers to first call 911.
- In addition to our own first aid services on the course, we list the local emergency rooms near the course, along with their address and phone number in our race app.

Officer services

Police Officers are stationed throughout the course in specific locations according to the safety demand and traffic flow throughout their jurisdiction.

Traffic impact/ traffic control

All traffic control measures are to be set up, maintained and removed by Utah Barricade. There will be no road closures or traffic control measures required in Cache County.

Waste receptacles

Runners are provided trash bags and asked to carry their trash for the duration of the event. A dumpster will be provided for them at the Finish Line. The entire course will be swept by Ragnar staff members following the last runner to ensure no trash is left behind.

Signage plan

Along the course there will be course signs that communicate to the runners which direction to go, on what side of the road to run, which exchange they are at, etc. Directional signs are only placed at change of direction intersections. The signs are 42" High, 18" Wide, .25" Thick and are made of corrugated plastic. Each sign will be secured to a delineator post barricade. An example of such a sign can be seen in the picture below.

	<i>Start Date</i>	<i>End Date</i>	
Anticipated Number of Attendees:	1650	1650	
	<i>Per Day Total</i>	<i>Grand Total</i>	
Event Type	<input type="checkbox"/> Static: events where the attendees primarily enter, watch and depart <input type="checkbox"/> Interactive: events where attendees create a traffic flow and interact with each other <input checked="" type="checkbox"/> Participant: events where attendees primarily participate in an activity or production <input type="checkbox"/> Community: events with many activities and populations centers and likely a random traffic pattern		

Employees, volunteers, players, performers, actors, etc.

- | | | |
|-------------------|---|---|
| Checklist: | <ul style="list-style-type: none"> <input checked="" type="checkbox"/> Symptom checking symptoms checked (checklist or verbal), including temperature checks when feasible <input checked="" type="checkbox"/> Face coverings are worn in settings where other social distancing measures are difficult to maintain (exception for performers during performance) <input checked="" type="checkbox"/> Ensure that face coverings are available | <ul style="list-style-type: none"> <input checked="" type="checkbox"/> Provide accommodations to high-risk employees & volunteers; minimize face-to-face contact, assign tasks that allow these individuals to maintain a 6-foot distance from other employees or customers <input checked="" type="checkbox"/> Comply with distancing and hygiene guidelines |
|-------------------|---|---|

Keep a record of attendees:

Please describe how you will record the name and contact information for each attendee, along with seating assignments or designated sitting/standing areas, to help identify and contact potential exposures.

Each Ragnar participant must register with all of their contact information before joining a team. Additionally, each Ragnar captain is designated as their team representative and provides a cell phone number prior to the race so Ragnar may text/call for any needed communication.

During the event, all teams are required to social distance from other teams to limit any exposure.

Participants and volunteers are required to let Ragnar Staff know immediately if they're experiencing any COVID-19 related symptoms. Any teams suspected to have COVID-19 related symptoms will be required to leave the race.

Physical distancing

Follow physical distancing requirements according to the Transmission Index. A 6-foot distance is strongly recommended between household groups at all times, including while seated, even if not required by the Transmission Index level your county is in. Congregating at any point is strongly discouraged. Please describe your plan to maintain appropriate physical distancing throughout the event.

- All Start/Finish and exchange venues will be designed to maximize the provided space ensuring ample room for teams to social distance from one another. This includes Ragnar Sponsor/Partnership Tents, Ragnar Gear Store, onsite portable toilets, etc
- Anywhere lines are known to form will be provided with physical markings on the ground to designate the proper social distancing requirement.
- Start waves of teams will be reduced in size to prevent crowding and active runners lining up in the start chutes will be socially distanced from one another with masks on.
- Teams will be instructed to not arrive at the exchange location until 10 minutes before their active runner is estimated to arrive. Only the next runner and one additional teammate will be allowed at the runner transition point.
- Teams will be instructed that no outside spectators will be allowed at any of the race venues along the course.

Attendees at increased risk for severe illness from COVID-19

Please describe your plan to accommodate higher-risk attendees, such as setting an established window of time for higher-risk groups to come in without pressure from crowds and/or separate entrances and queues.

Due to the nature of the event, we are not able to offer a separate event experience for those of higher risk. Each participant must sign a waiver, watch the Ragnar Safety video that covers Covid protocols, and complete a health screening. Our goal is to provide a safe experience for all involved which will naturally also accommodate those of higher risk.

Signage

Post signage listing COVID-19 symptoms, asking attendees with symptoms to stay home, and encouraging physical distancing. Please describe your plan to maintain signage, including the number of anticipated signs and their locations.

Signage will be placed at the start/finish line and throughout the race to remind runners of the COVID-19 protocols.

This list is not exhaustive, but a sample of what we are producing for the event:

- Run Safe! Be Kind and Mask Up!
- STOP do not enter if you have any COVID-19 Symptoms (include symptoms on sign)
- Face Mask Required
- Social distancing 6 ft apart reminder signs
- Handwashing guidelines
- Space markers to indicate proper distancing for lines
- Hand-less water station signs (water stations to be operated with foot pedal)

Payment options

Encourage contactless payment; disinfect between transactions at facility stores/gift shops, and comply with other retail recommendations. Please describe your plan for payment if relevant.

Majority of payment will be completed prior to the race via online registrations. For onsite payments, we will encourage contactless payments or insert via Square payment application. Cards will not need to be passed between participant and employee. Hand sanitizer and wipes will be available and area will be wiped down between each transaction.

Hygiene & sanitization

Please describe your plan to provide hygiene and regular sanitization throughout the event.

- Ragnar Staff and volunteers will always be required to wear masks throughout the duration of the event.
 - Gloves will be worn by Staff and Volunteers in high touch/interactive locations.
 - Upon arrival at the onsite Check-in area, participants will need to be wearing masks during the check-in process. After such time, all participants will be required to wear a mask anytime they are out of their vehicles and onsite at a race venue, except for the active runner. The active runner will be required to CARRY a mask on their person in the event of encountering areas where social distancing is not possible either from other participants and/or local foot traffic.
 - Participants will be instructed to bring all their own PPE and hand sanitizer/sanitizing wipes; however, Ragnar will have extra PPE on hand at all venue locations. Ragnar will also provide Hand Sanitizer stations at all race venues along the course.
 - Water Stations will be either be made "touchless" (foot pedal activated), and/or manned to ensure they remain sterile and clean for participant use. Masks will be required by participants while at Water Stations (when not drinking).
 - High traffic and potentially high touch point areas at all venues will be wiped down and sanitized at regular intervals throughout the duration of the event with an EPA-registered disinfectant for COVID-19.
-

Additional safeguards

Please share any additional planned safeguards or measures being enacted at the event.

Check in & Packet Pick Up:

Participants typically arrive on race day and go through a multi-step check-in process involving standing in lines and congregating in large groups for the standard Safety Briefing video. To prevent crowding and promote social distancing, the entire pre-race check-in procedure has been modified.

- Participants will watch the Standard Safety Briefing from the safety of their own homes (2) days before race day. They will then complete their online/remote check-in stating that they will be attending on race day and then fill out a Health Screening Declaration. This will be completed for each team member confirming no signs or symptoms of COVID-19 in the past 7 days (OR at least 7 days from the onset of any COVID-19 infection signs or symptoms AND at least 72 hours since signs/symptoms have resolved). It will also ask to confirm no close sustained contact with anyone who is sick within 14 days of the event and no travel within 14 days of the event to an international location with widespread ongoing COVID-19 transmission as determined by the CDC.

- Upon arrival for packet pick up, a single representative from the team will check in ensuring that all teammates have completed the required Safety Video and Health Screening. They will then receive their team's pre-packaged Goodie-Bags, Race Bibs and Participation Shirts. They will then be instructed to have the entire team arrive at the start line area no more than 15 minutes prior to their assigned start time.
