

2019

ANNUAL REPORT

CACHE COUNTY SHERIFF'S OFFICE

SHERIFF D. CHAD JENSEN

MESSAGE FROM THE SHERIFF

Dear Cache County residents,

The duties of Sheriff are outlined in statute and state; we are responsible to keep the peace, make lawful arrests, manage a jail, serve civil papers and bailiff District Court. I am proud to provide you with a snapshot look at these duties and how they are accomplished by the great work done by our 170 hard working men and women at the Cache County Sheriff's Office.

Our office is unique, in the fact that (other than Salt Lake County) we provide Law Enforcement services to more citizens than any other county in the state. Our Criminal Division has contracts with fourteen different municipalities for Law Enforcement services, along with the US Forest Service, the Cache County School District and the Cache Valley Transit District.

Our Jail contracts with multiple agencies, such as; the Utah State Prison, Immigration (ICE), US Marshals, Franklin County in Idaho, Adult Probation and Parole and Salt Lake County, to house their inmates.

As I write this letter and reflect on 2019, I am reminded of what an honor it is to represent the 170 men and women who serve this great community, and what an honor it is to be elected as your Sheriff and represent the citizens of Cache County.

Our Annual Report is designed to give you an overview of our Sheriff's Office operations, statistics on traffic and crime trends, an overview of the community events we are part of and our dedication to building strong community relationships.

The Annual Report gives us the opportunity to highlight the various divisions within the Sheriff's Office. With such varied responsibilities, the Sheriff's Office will continue to respond and evolve as our community continuously grows. These distinct divisions work together to accomplish the goal of providing the finest public safety services to the citizens, businesses and visitors we serve.

As Sheriff, I am proud of the hard work, professionalism and reputation for excellence the employees of the Sheriff's Office have earned. I also realize how vitality important it is for our office to continue to foster and build relationships with the other Law Enforcement agencies in our county, elected officials and most importantly, the citizens we serve.

Sheriff D. Chad Jensen

2019 BUDGET

The Sheriff's Office budget is comprised of five major components: Administrative, Criminal, Emergency Management, Jail, and Support Services.

The Sheriff's Office employs several processes to conserve tax dollars, such as the extensive use of volunteers when appropriate, inmate labor for building and grounds work, securing beneficial state and federal grants, and careful scrutiny of expenses for daily operations.

**Includes Animal Control*

***Includes Search & Rescue and Posse*

MEMORIAL BANQUET

SHERIFF'S MEDALS

Shelly Peterson

Shelley Peterson has played a vital part in building the valley wide school response protocols and helped establish procedures for dispatch to communicate effectively, creating a more unified coordinated response. She has been a leader in organizing multiple agencies combined Spillman records, while working closely with their Spillman reps on how to best utilize and share information.

For many years, Shelley has been one of the key figures in the dispatch center, and has aided in countless investigations. She always seems to know what information is needed. A few years ago, a call came in to dispatch of a stabbing. At the time, there was some confusion as to where the stabbing took place. Shelley was contacted and given a license plate number and the name of the victim. Within 20 minutes she was able to determine where the incident took place and the name of a suspect for the investigators. Because of her diligence, an arrest was made that same night.

Shelley's leadership, dedication and professionalism continues to help keep our community safe.

Curt Jenkins and the Cache County School District

Over the past several years, the Sheriff's Office and Cache County School District have worked closely on several programs to insure the safety of our schools. Several meetings took place to discuss the areas of concern, including each organization's role and responsibility should a major event take place in the schools. The team consisted of school administrators, teachers, law enforcement, medical first responders and dispatch professionals. They all came together to achieve their number one priority; to protect the children, staff and schools.

Throughout this process, all agencies were involved in combined training, each organization sharing their areas of expertise. The finished product was the county-wide implementation of common response protocols, and immediate action procedures for teachers, students and all responding agencies.

SCHOOL DISTRICT

PATROL DIVISION AWARDS

Unit Citation

Tim Ramirez, Greg Johnson, Joshua Barsuhn, Brandon Muir, Matt Hansen, Dustin Batt, Brad Nelson, Virgil Hutton and Brooks Nielsen

On Friday, November 9, 2018, an anonymous complaint came in to the Sheriff's Office through the Safe UT app. It stated two Mountain Crest High School students were overheard on the bus discussing bringing guns to school to shoot it up. After learning the names of the individuals, SRO Joshua Barsuhn, began an investigation.

School Resource Officers Barsuhn and Muir were able to gain access to an Instagram account created by the two suspects, which contained many racist, anti-semitic and pro-school violence posts. At this point the Investigation's division also got involved. They conducted follow-up interviews, retrieved camera footage and looked into social media profiles. They served multiple search warrants and spent nearly 200 man-hours on this case. After a full review it was determined there was not enough evidence for a criminal case. Even then, the deputies continued to look for alternative methods to ensure the safety of the schools.

Even though the case did not result in criminal charges, these deputies conducted an extensive investigation, thereby safeguarding the schools, students and ultimately giving mental health assistance to two young men who needed it.

Deputy of the Year

Matt Hansen

Deputy Matt Hansen is a vital member of the Sheriff's Office and their S.W.A.T. team. His sound judgment and work ethic, makes him an excellent FTO. He is a leader among his peers, leading by example. Before becoming an FTO he had already filled the role of teaching and guiding his fellow deputies.

Deputy Hansen has dedicated many hours to the youth of our community as a School Resource Officer and N.O.V.A. instructor. Both the school administrators and the students loved him. He was also very active in the Youth Court Program and the Explorer Program. Deputy Hansen represents the values of the Sheriff's Office and works to actively achieve its mission. His work with the future law enforcers of our community shows in his passion for working cooperatively with the citizen we serve.

S.T.A.R. Deputy of the Year

Rick Black

For the past year, Deputy Black has been the dedicated car for Providence and Nibley Cities. He worked to meet the needs of both cities through constant communication and engagement. Deputy Black has been utilized in many of the city events, while continuing coverage for his motor assignments.

When Deputy Black had conflicting duties he would work to ensure he had a plan in place and had either communicated the issue with the city officials or had arranged for another deputy to fill the needs of the city. His proactive approach to identifying, resolving and then communicating each cities needs and concerns is one reason why he is our S.T.A.R. deputy of the year. Deputy Black demonstrated initiative, making it possible for a single S.T.A.R. deputy to cover two cities and serve them both extremely well.

Outstanding Achievement Awards

Matt Butler

On June 5, 2018, Deputy Butler was on duty when a call came for a young child who had accidentally been backed over by a vehicle driven by a family member. First on scene, Deputy Butler immediately started lifesaving efforts on the child until medical arrived. The child was then loaded into the ambulance and taken to the hospital. Deputy Butler preceded the ambulance, clearing intersections so they could arrive sooner.

Deputy Butler's compassion and empathy for the family was amazing, as he continued to work this very difficult case. Unfortunately, this profession calls upon many of us, in law enforcement, to be part of some very difficult circumstances, and in this case Deputy Butler demonstrated professionalism and compassion to a grieving family.

Reed Tanner

Working as the Patrol Admin Sergeant, Reed Tanner helped in the development of the Cache County Sheriff's Office FTO program, while working diligently to improve additional processes and duties.

Sgt. Tanner also had a hand in developing and implementing the Rescue Task Force (RTF). He planned and carried out scenario-based training for the Sheriff's Office, along with other organizations in the valley. Sgt. Tanner continues to develop the program by bringing in a nationally recognized organization to train the trainers. This training has been implemented countywide as protocol for Law enforcement and EMS personnel. He organized countywide training that all line level and command staff personnel should attend.

Sgt. Tanner's desire to improve the law enforcement profession and his exceptional relationships with others in the law enforcement community have allowed for a great success to occur.

Lifesaving Award

Bryce Chesnut

On January 20, 2019, Deputy Chesnut responded to a house party in Providence. He made contact with a male individual that appeared to be alert but intoxicated. At that time, Deputy Chesnut realized there were several other people running from the house. While trying to locate those who were fleeing, he observed the previously alert young man, was now unconscious and looked to be having medical issues. Deputy Chesnut contacted medical and monitored the patient's breathing until they arrived and the patient was transported to the hospital.

At the hospital the patient was listed in critical condition and admitted to the ICU due to alcohol poisoning. The patient later made a full recovery and was released from the hospital.

Had it not been for Deputy Chesnut's quick thinking and observations, the young man may have died from alcohol poisoning.

JAIL DIVISION AWARDS

Outstanding Achievement Awards

Michael Gates

Sergeant Michael Gates has worked in the Jail Division since his career began. By study and experience, he has earned a vast amount of knowledge. He is commander of the SERT Team, shift supervisor, academy instructor, mentor and leader. Sgt. Gates is also a lead Defensive Tactics instructor at the Sheriff's Office and has taken DT instruction to a new level.

Sgt. Gates has spent multiple days each year working overtime to train deputies in defensive tactics. He spends hours of his personal time training and learning new tactics that he brings to the Sheriff's Office and teaches his co-workers. Sgt. Gates has excelled as a supervisor and an instructor. He has gone above and beyond in these duties.

A supervisor recently expressed his appreciation for Sgt. Gates' hard work as an instructor for the Sheriff's Office and other agencies, by commenting "I keep hearing from so many people about how much they enjoy Sgt. Gates as an instructor and the high level of training that he brings to the DT program".

KellyAnne Leavitt and Amanda Hess

On August 11, 2018, KellyAnne Leavitt and Amanda Hess were listening to inmate phone calls. The inmate they were listening to was incarcerated on drug charges and was speaking with a roommate outside of the facility. While listening to the phone call they were able to gather information about a package that had been delivered to the inmate's home. The package the inmate described to the roommate sounded very suspicious to KellyAnne and Amanda. Because the inmate was a probationer, KellyAnne and Amanda decided to contact Adult Probation & Parole regarding the package.

AP&P and Cache County Sheriff's Office detectives responded to the inmate's home and located the suspicious package. Found in the package was a pound of marijuana. This find resulted in a felony arrest. AP&P stated that this arrest would've possibly never taken place had it not been for the tip received KellyAnne and Amanda.

Joseph Pierson

In August 2018, while working in the jail, Deputy Pierson prevented a dangerous inmate from escaping. This particular individual, who is well known to law enforcement, had been taken into custody and brought to the Sheriff's Office for questioning. While in custody the suspect attempted to escape by tampering with the electrical security system in the interview room. After this proved unsuccessful, he was brought down to the jail by detectives. During the time the suspect was in the passive booking area, a jail volunteer was exiting the building, the suspect attempted to walk out of the jail behind the volunteer. Deputy Pierson alerted the staff and the suspect was taken into custody.

Due to Deputy Pierson's attentiveness and swift action, this individual was caught and secured, while ensuring the safety of the volunteer. Deputy Pierson was vigilant in monitoring the safety of inmates, jail staff and volunteers by preventing the escape of a dangerous individual.

One of Deputy Pierson's supervisors commented about his actions saying "it is the small things that are done each day that make the largest difference." Because of your actions, you made a difference. Thank you Deputy Pierson for setting an example for others to follow.

Randi Jo Edvalson

Many times this past year, Deputy Edvalson has located and prevented dangerous drugs from entering the facility. On several occasions, she has found important gang information by seeking information from inmates, watching their interactions and knowing what to look for. This information has been extremely valuable for the jail's safety and security as well as the Utah Department of Corrections.

Deputy Edvalson has been an active member of the Jail SERT Team. Recently, she planned and organized a level one shake down of the jail. She coordinated and involved not only SERT, but other Sheriff's Office staff, outside agencies and K9 officers to assist in this daunting task. She made assignments for inmate movements, cell block searches and wrote a detailed after action report detailing the results and feedback from the search.

Deputy Edvalson has also organized improvement projects and volunteered to supervise a year-long jail painting project. She is an instructor at the BATC police academy, a dedicated field training officer and represents the jail in the explorer program.

SUPPORT SERVICES DIVISION AWARDS

Outstanding Achievement Award

Damian Openshaw

Detective Damian Openshaw has been a part of the Cache County Sheriff's Office investigation unit since January 21, 2018. In his relatively short time as a detective, he has stood out for his hard work and willingness to help any of his co-workers, no matter the situation.

Detective Openshaw has worked many drug cases and his strong work ethic has resulted in many cases being brought to a successful conclusion: both in the conviction of the suspect, as well as the seizure and removal of many dangerous drugs.

In February 2019, Detective Openshaw worked a case where a pound of methamphetamine was discovered and seized while en route from the Salt Lake City area to Cache Valley.

He regularly uses his Spanish language skills to assist other detectives in their cases. Although he is not assigned to work sex offenses, he has assisted other detectives in interviewing many Spanish speaking victims and suspects. These interviews have been instrumental in the arrest of these suspects and assisting the victims with their needs.

Lifesaving Award

Chris Toone and Kevin Allen

Deputy Chris Toone was a bailiff in Judge Kevin Allen's courtroom. During the proceedings an elderly gentleman collapsed. Deputy Toone assisted Mr. Vieble to the floor while calling for a defibrillator on his radio.

Judge Allen, also an EMT, asked the clerk to call 911 while he starting CPR on the gentleman. When the defibrillator arrived Deputy Toone attached the device and continued to monitor the patient until the ambulance arrived. The patient was then safely transported to Logan regional hospital.

The quick and compassionate actions of Deputy Toone and Judge Allen saved that man's life.

Animal Control

The Cache County Sheriff's Office contracts with 11 cities and towns for a variety of animal control services. In August 2015, the position was designated as a civilian position rather than a sworn deputy position. We now have three full-time animal control positions.

Patrol

Since the election of Cache County's first Sheriff in 1857, the primary mission of the Sheriff has been to preserve the peace and make all lawful arrests. The deputy sheriffs in Patrol continue a strong commitment to that mission. The Cache County Sheriff's Office contracts with 14 cities and towns, the U.S. Forest Service, Cache County School District, and Cache Valley Transit District to provide law enforcement services.

School Resource

There are eight deputies that work in the School Resource unit; one supervisor and seven deputies. These deputies respond to calls for service within the schools which otherwise would have to be handled by a patrol deputy.

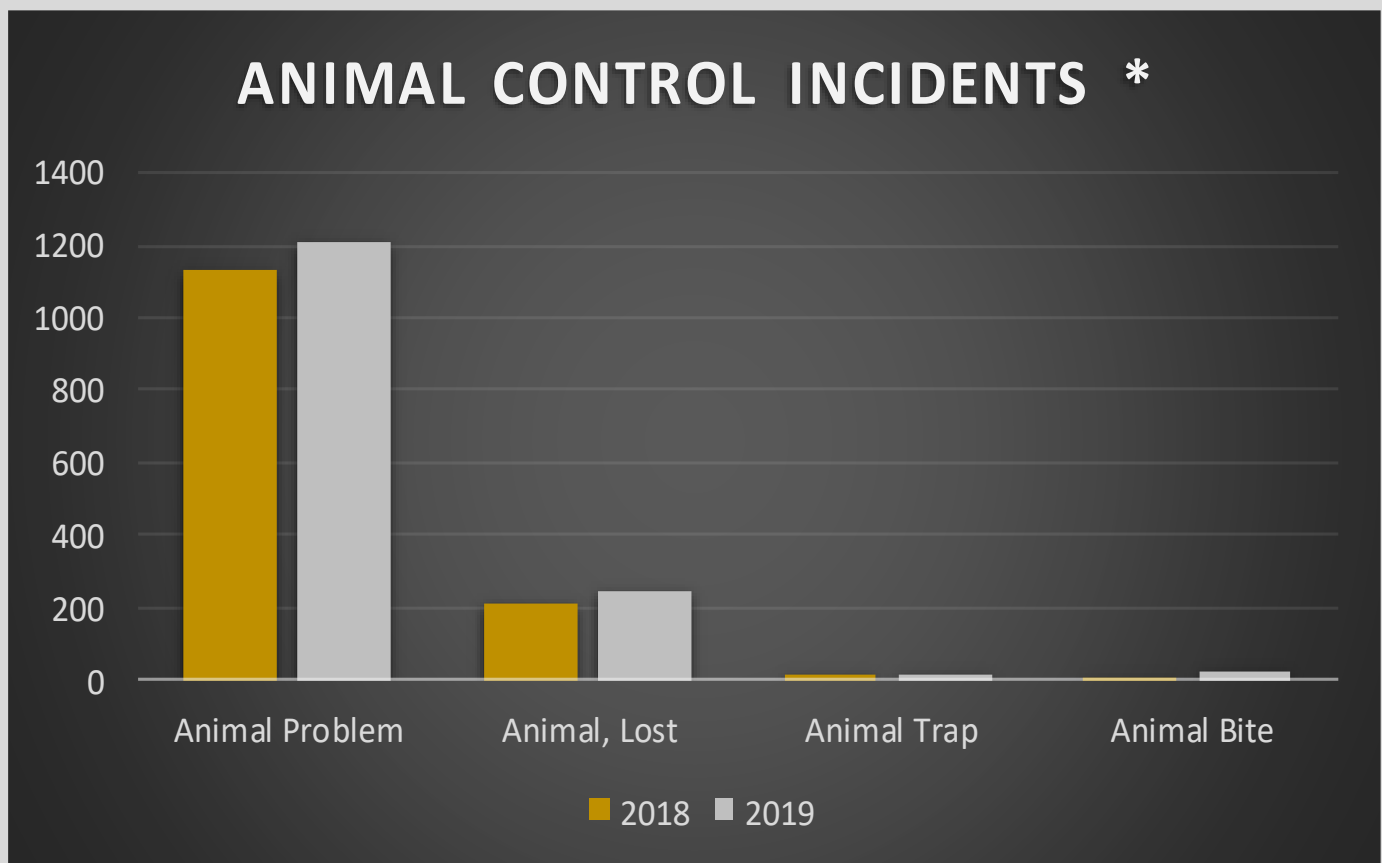

Medics

The Sheriff's Office was the first organization in the state to get a licensed Paramedic Tactical Rescue Unit license. We brought on part-time employees who are full-time paramedics. They have attended our basic SWAT course and regularly attend our SWAT training. These medics are trained to go into mass casualty events and work to save lives. They bring a wealth of knowledge and experience to our organization and continue to prove invaluable in our planning for any catastrophic events.

ANIMAL CONTROL

Animal Control is a service provided by the Criminal Division under the direction of the administrative sergeant. There are three full-time civilian employees working in the Animal Control unit that respond to animal calls and patrol for animal problems. In 2019, Animal Control responded to 1,502 incidents in Cache County.

Contract cities receiving this service benefit from accurate documentation of ongoing problems and nuisances that may fall through the cracks with an on-call animal service. Other advantages of having a law enforcement employee assigned to this service are a working relationship with the various city prosecutors and access to all the resources of the Sheriff's Office to safely and humanely handle animals.

**Included in the overall total number of incidents responded to by Cache County Sheriff's Office.*

SCHOOL RESOURCE

The **School Resource unit** consists of seven deputies and one sergeant. Deputies are assigned to work with the staff and students at the high schools (Sky View, Mountain Crest, Ridgeline, Green Canyon and Cache) and middle schools (South Cache, North Cache, Spring Creek, and White Pine). Two deputies teach the NOVA program at the elementary schools in the Cache County School District.

The **School Resource** deputies investigate crimes within the schools and work with school administrators on safety issues concerning the schools. They also provide a level of security within the schools by their presence.

The School Resource deputies also work with the Bear River Health Department by conducting alcohol compliance checks.

NOVA

The acronym N.O.V.A. stands for nurturing, opportunities, values, and accountability. The mission of N.O.V.A. is nurturing youth to seek out positive opportunities, to internalize good values, and to accept accountability for life choices. N.O.V.A. assists parents, families, and communities in protecting youth from the potentially devastating effects of illegal drug use, violence, and negative media exposure. The N.O.V.A. program is taught over a 14-week period with deputy sheriffs in the classrooms usually once a week. Topics covered include drugs and alcohol, opportunities and accountability, moral courage, self-esteem, heroes, anger management, teasing, bullying, evaluating media such as television, movies, video games, internet safety, music, and gangs.

Alcohol Compliance Checks

The Cache County Sheriff's Office, in cooperation with the Bear River Health Department, conduct alcohol compliance checks in accordance with the EASY alcohol program funded by the State of Utah. Checks are conducted four times per year. The purpose of the checks is to prevent the sale of alcohol to underage youth.

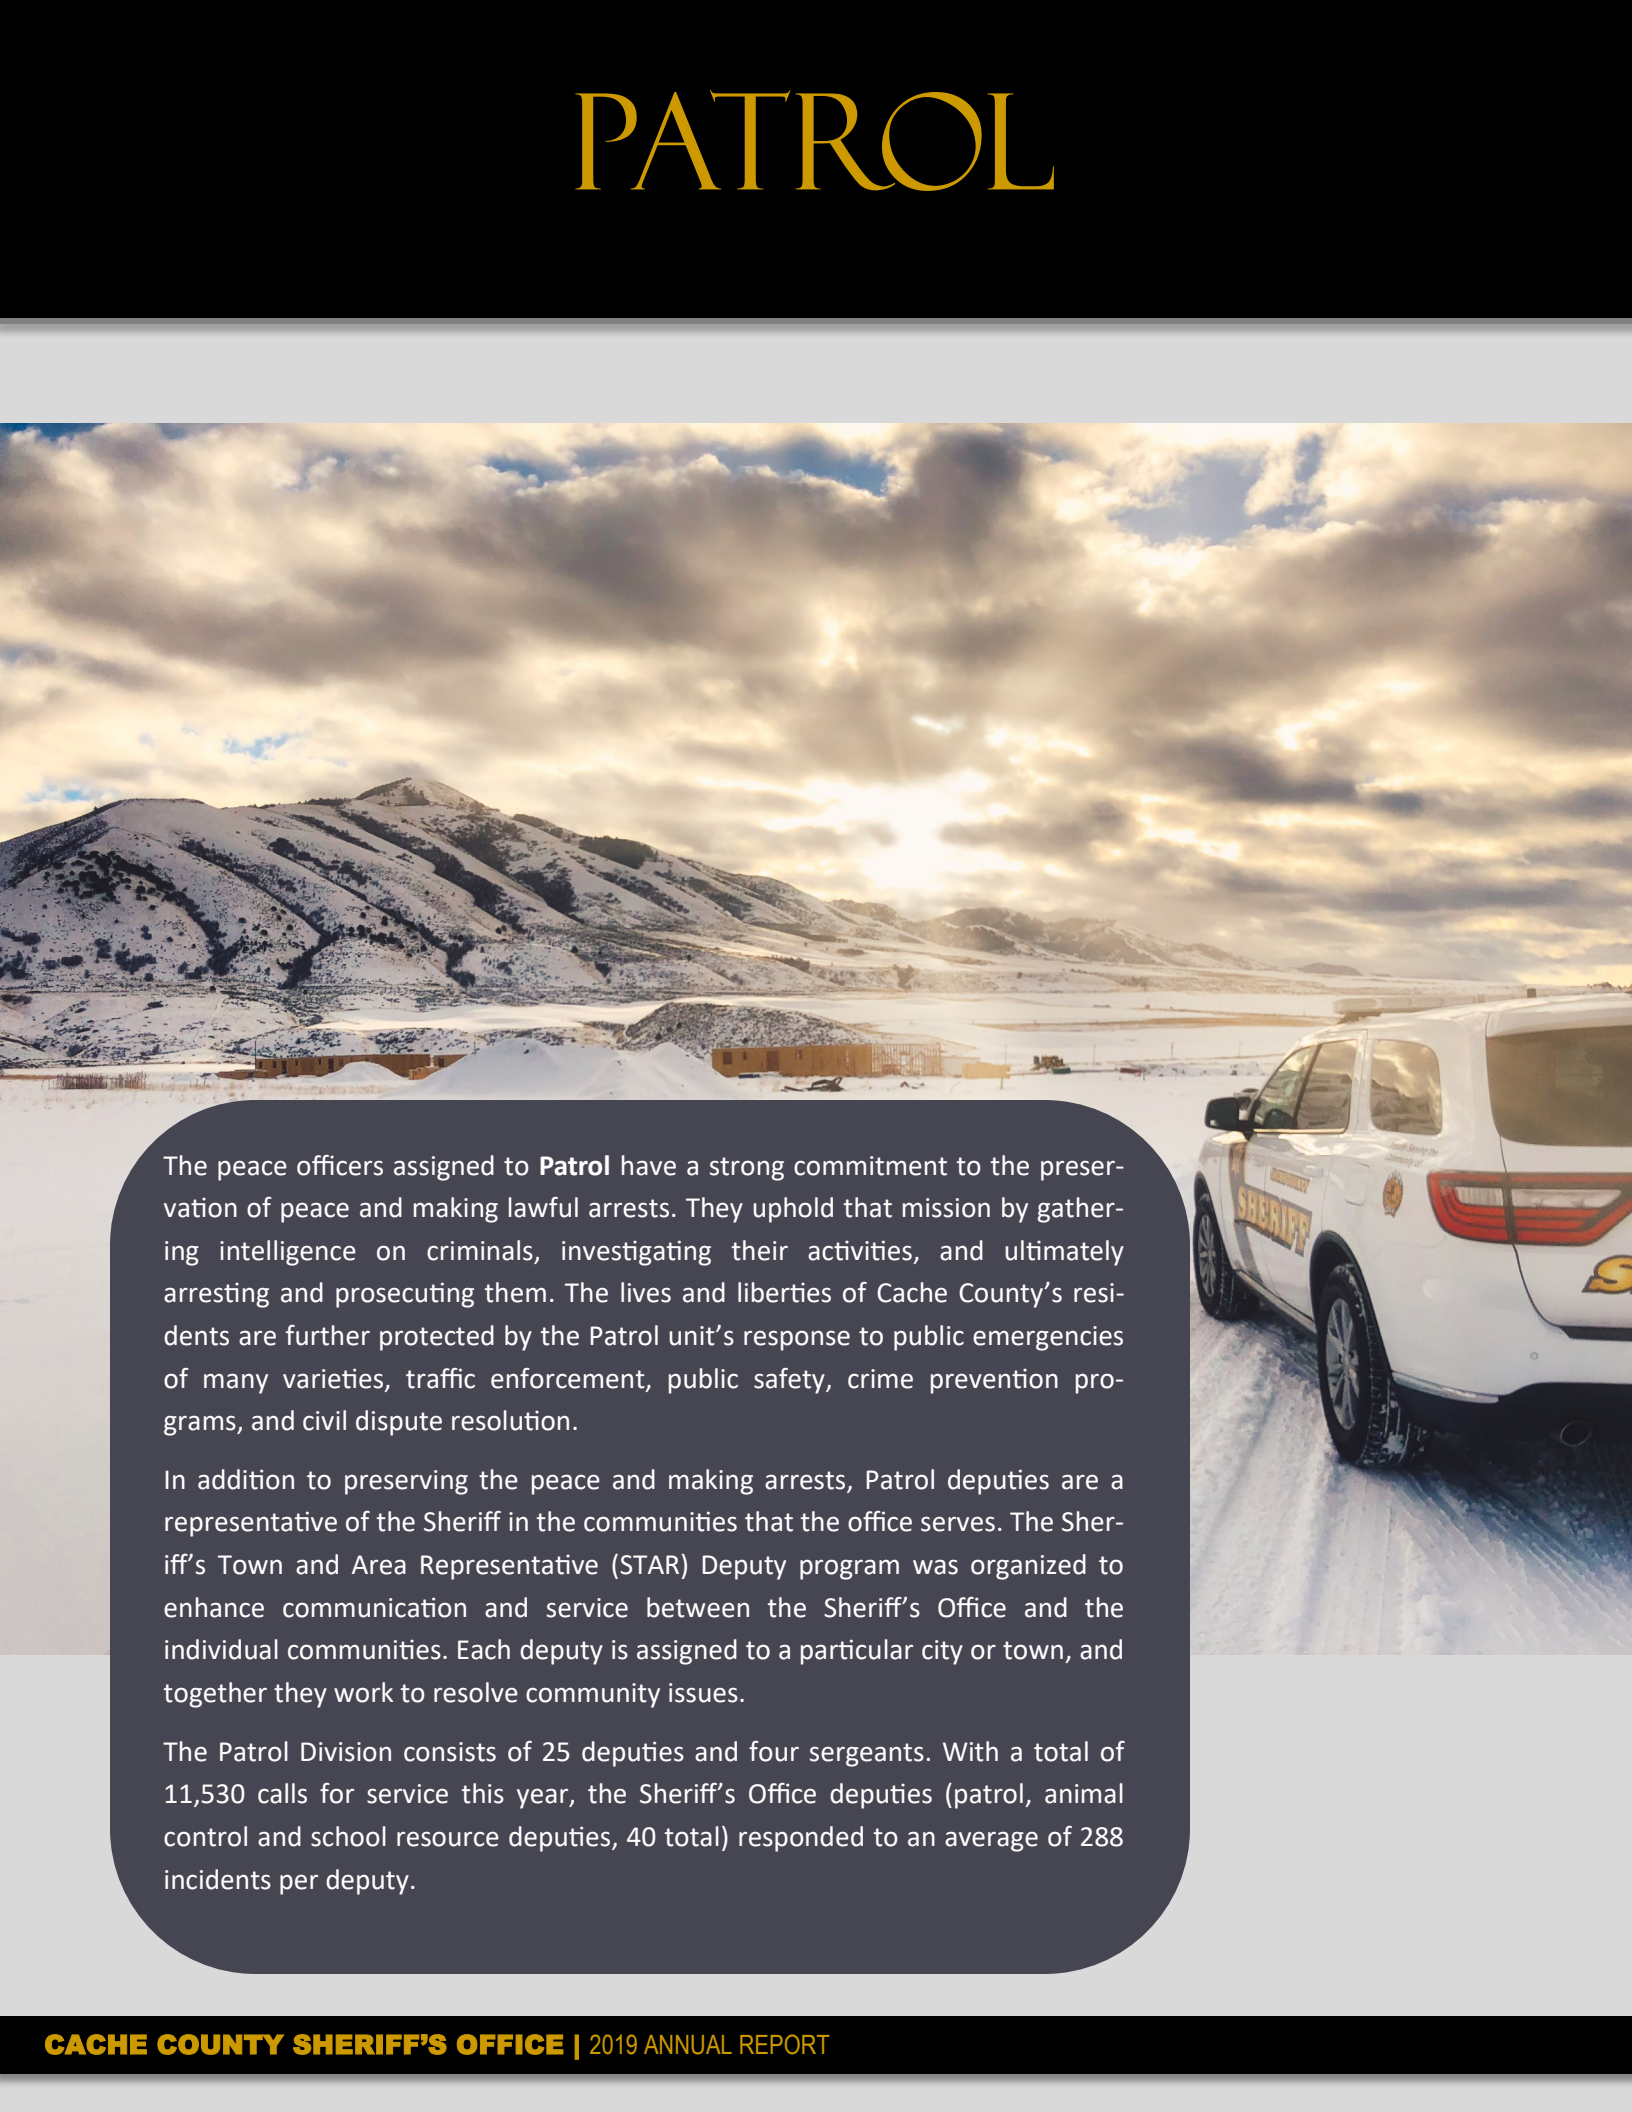

How Compliance Checks Work

A youth, at least 18 years of age, goes into a retail store that sells alcohol and tries to purchase alcohol. The buyer is instructed to be honest and follow a particular set of rules outlined by the State of Utah. If a purchase is made, the store clerk is cited or referred to court, and the store is fined by the city in which the violation occurred.

Compliance

In 2019, approximately 19 retail stores were checked four times throughout the year. Out of 60 attempts to purchase alcohol by an underage buyer, 10 buys were successful. The retail stores of Cache Valley were 84% compliant in not selling alcohol to underage buyers.

PATROL

A white SUV patrol vehicle with "SHERIFF" and "CACHE COUNTY" markings is parked on a snowy road. The background features a vast, snow-covered landscape with rolling hills and mountains under a dramatic, cloudy sky with sunlight breaking through.

The peace officers assigned to **Patrol** have a strong commitment to the preservation of peace and making lawful arrests. They uphold that mission by gathering intelligence on criminals, investigating their activities, and ultimately arresting and prosecuting them. The lives and liberties of Cache County's residents are further protected by the Patrol unit's response to public emergencies of many varieties, traffic enforcement, public safety, crime prevention programs, and civil dispute resolution.

In addition to preserving the peace and making arrests, Patrol deputies are a representative of the Sheriff in the communities that the office serves. The Sheriff's Town and Area Representative (STAR) Deputy program was organized to enhance communication and service between the Sheriff's Office and the individual communities. Each deputy is assigned to a particular city or town, and together they work to resolve community issues.

The Patrol Division consists of 25 deputies and four sergeants. With a total of 11,530 calls for service this year, the Sheriff's Office deputies (patrol, animal control and school resource deputies, 40 total) responded to an average of 288 incidents per deputy.

Patrol division includes:

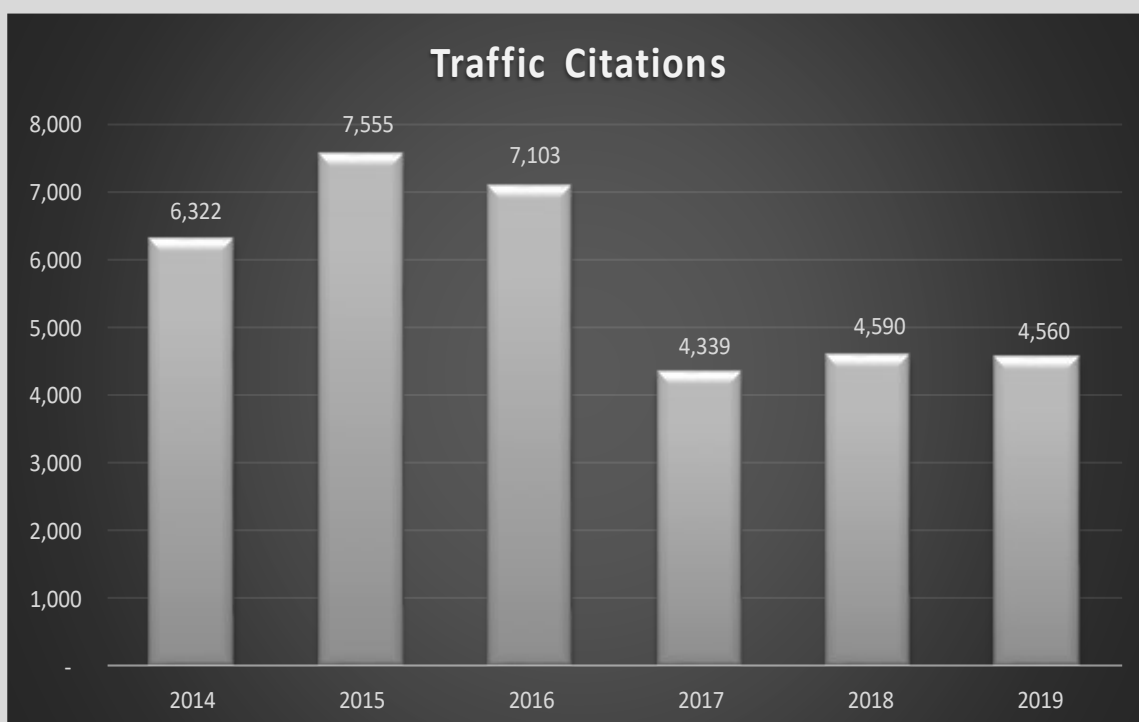

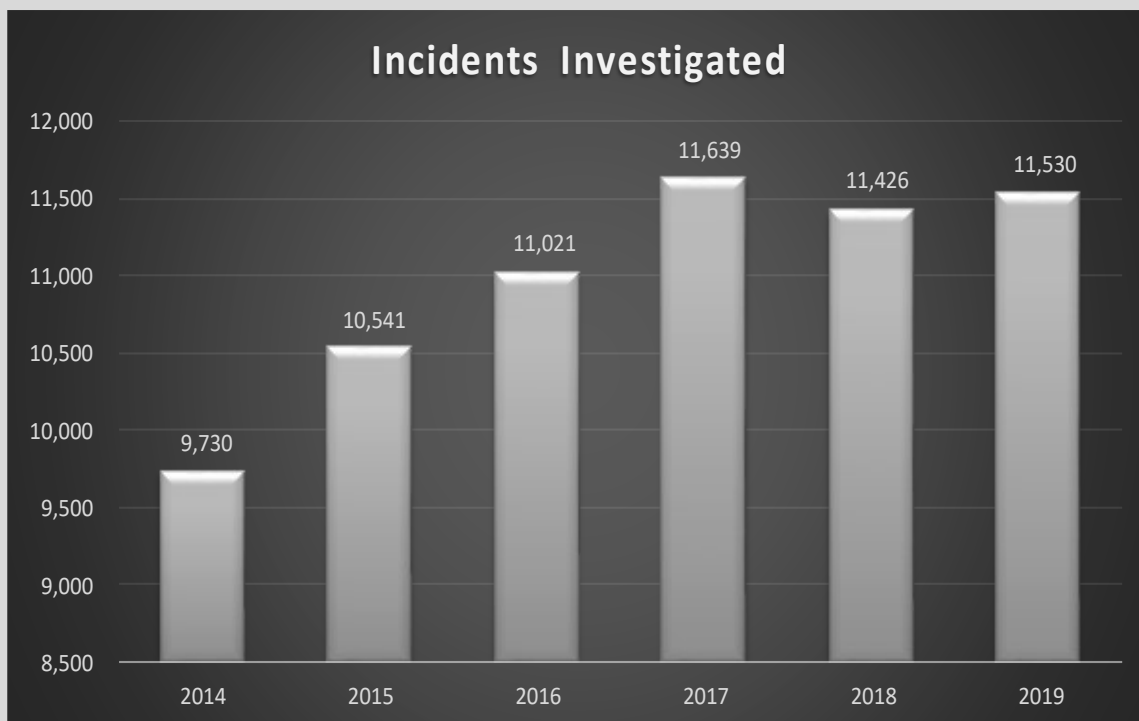

STAR Deputy - The STAR (Sheriff's Town and Area Representative) Deputy Program was developed to provide each citizen with a direct link to the Sheriff's Office. A STAR Deputy is assigned to each city in the county. The Deputy attends the monthly city council meetings and assists them with things such as Neighborhood Watch, National Night Out Against Crime, and anything else the city is in need of. Citizens are encouraged to contact their STAR Deputy with any questions or concerns they may have.

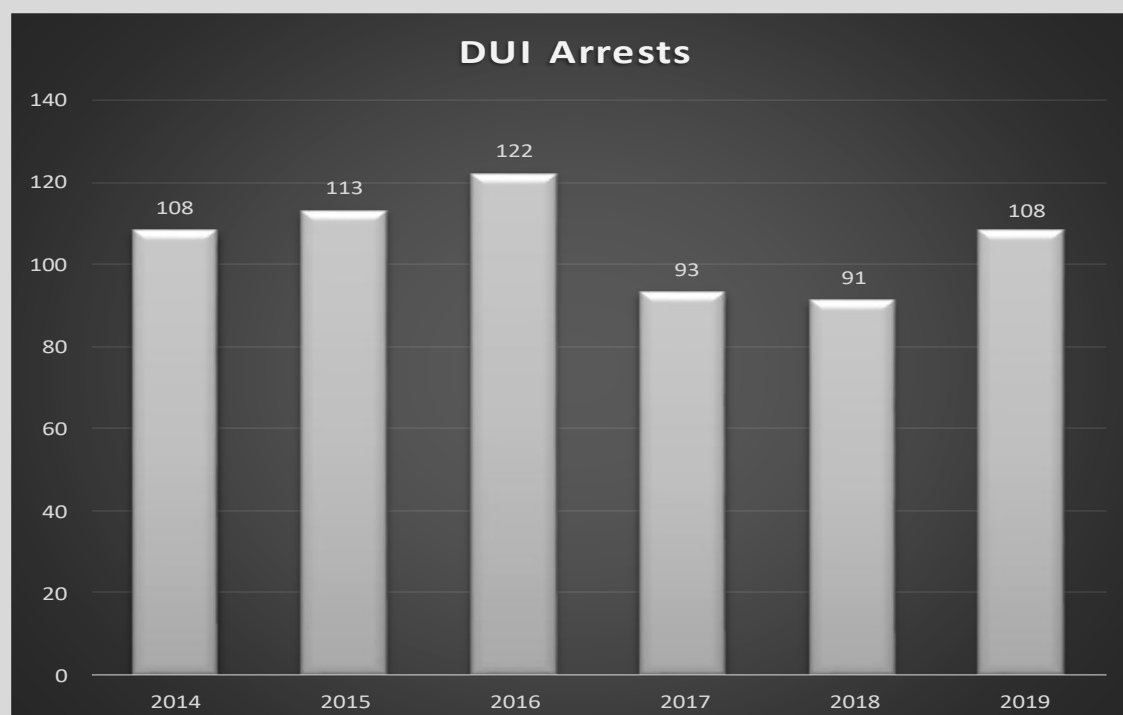

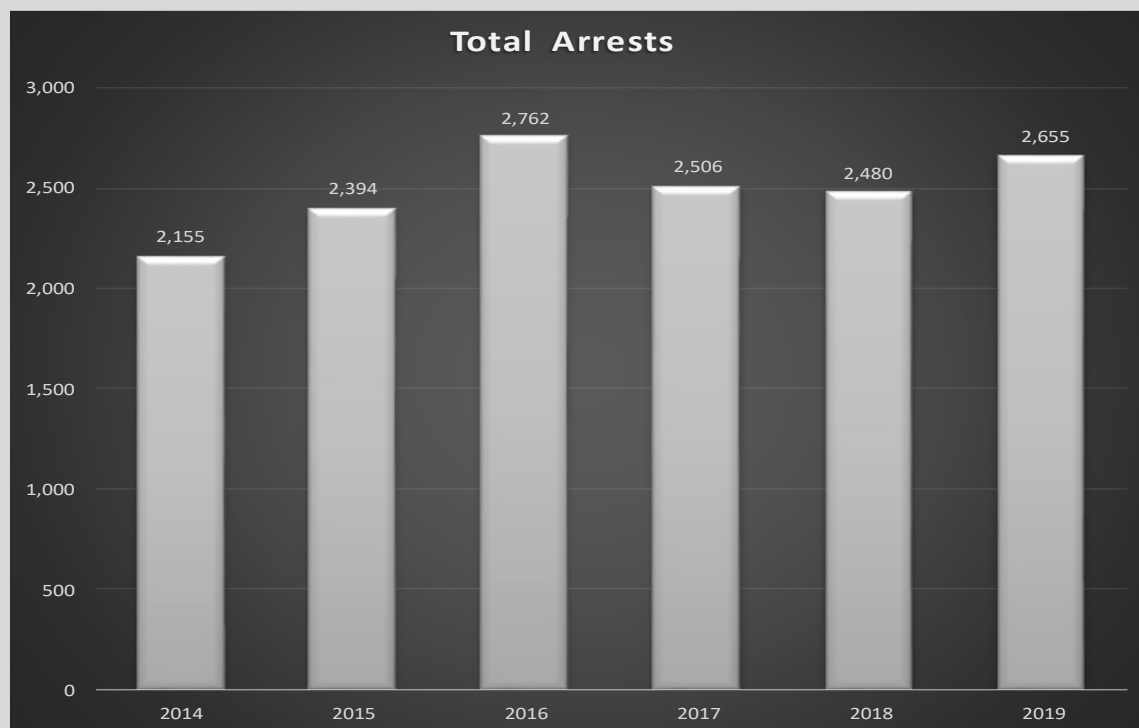

Motors - Given their inconspicuous presence and maneuverability, the motors are an effective tool for general traffic enforcement. After specific traffic problems or issues are communicated to the motor deputies through input from citizens or other deputies, concentrated enforcement activity is initiated to resolve their concerns. The motors are also placed into service for parades, city celebrations and events, National Nights Out, and military and funeral escorts.

Bicycle Patrol - The goal of the Bike Patrol Unit is to educate, protect, and enforce. The Bike Patrol Unit has put together a plan to assist the public with education (bike rodeos, public talks, parades, and presentations), protection (canyon patrols, hiking and walking trails, parks and recreation areas, marathons, races, and community events), and enforcement (bicycle traffic violations, animal control, fishing compliance, alcohol and drug checks, and city ordinances). The Bike Patrol Unit has new specialized mountain bikes that are equipped with the latest gear and tools to assist them with implementing their action plan. The gear includes new bicycle uniforms, quick repair tools, citation packets, and first aid and hydrating systems.

K9s - The Cache County K9 Division consists of two K9s and their handlers. Responsibilities include tracking criminal suspects, drug detection and general patrol duties. They also go to schools, fairs and other public events to demonstrate the important work they do.

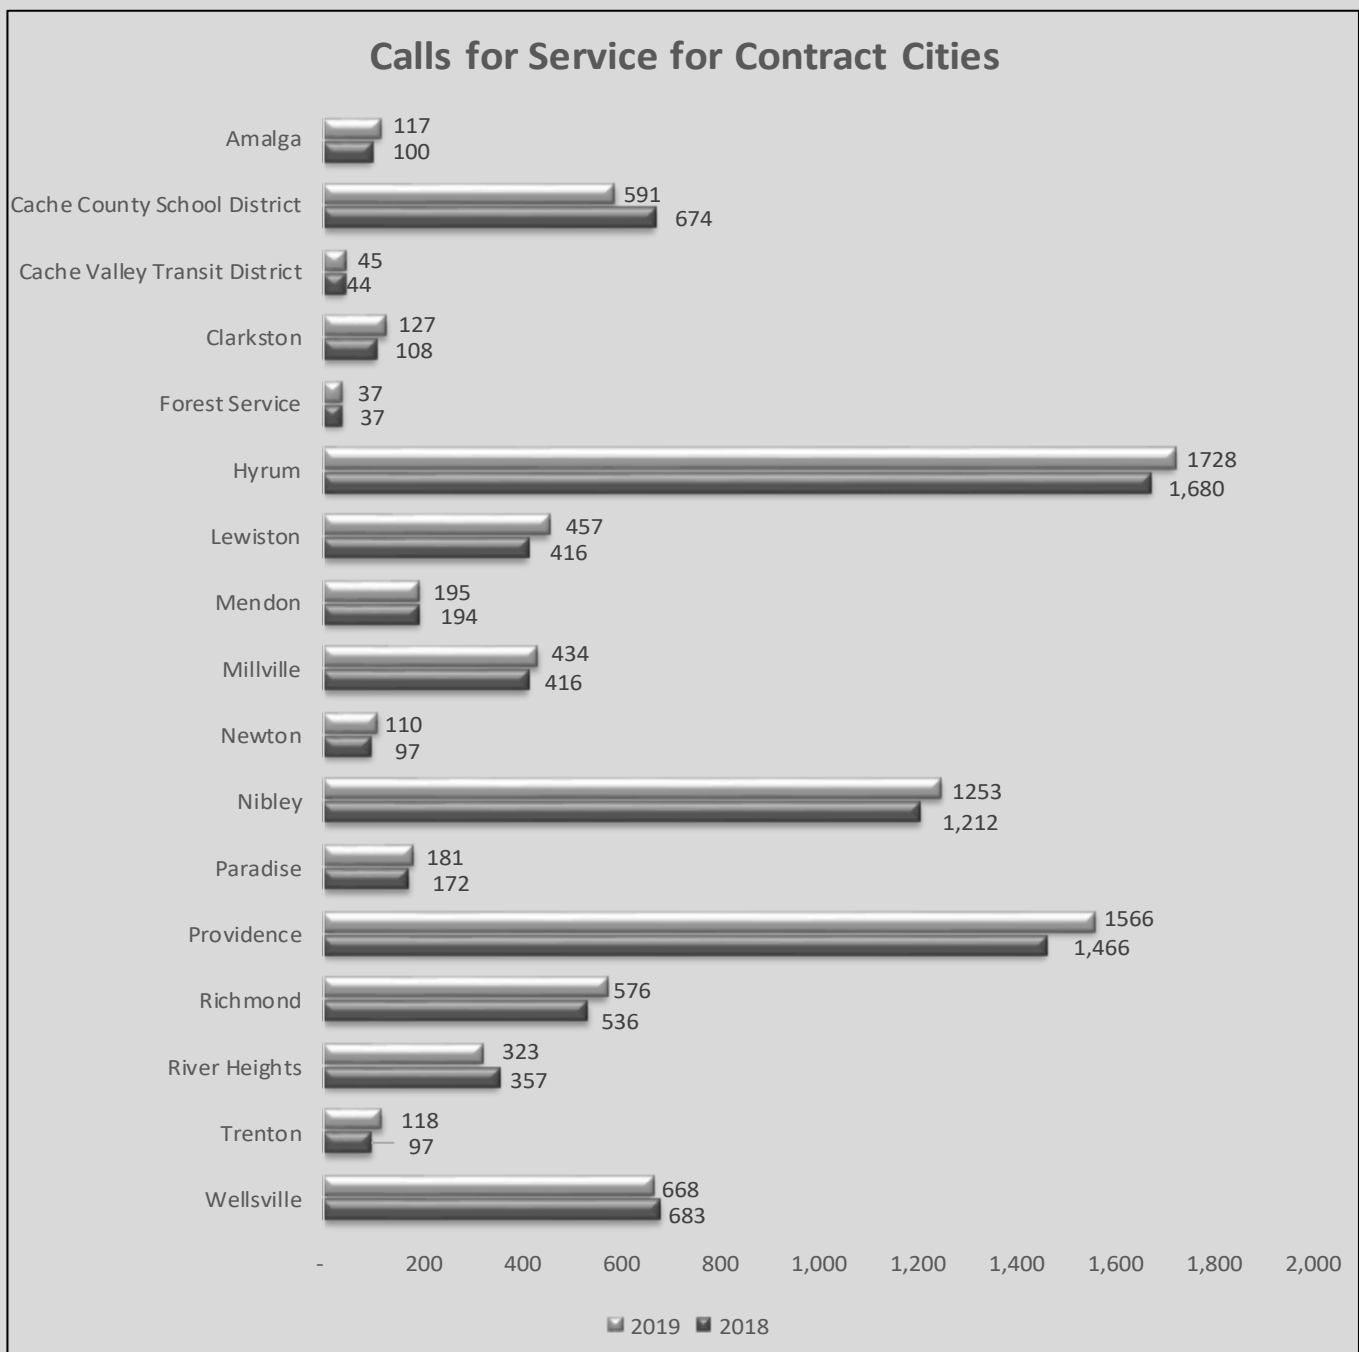

SWAT - The Cache County Sheriff's Office SWAT (Special Weapons and Tactics) team is a highly trained group of deputies tasked with the responsibility of handling and resolving extremely high-risk situations. Utilizing team tactics, special weaponry, specialized equipment and other tactical skills, the SWAT team handles hostage rescue operations, armed and barricaded suspects, high risk warrant entries and any other situation requiring the team's skills and abilities.

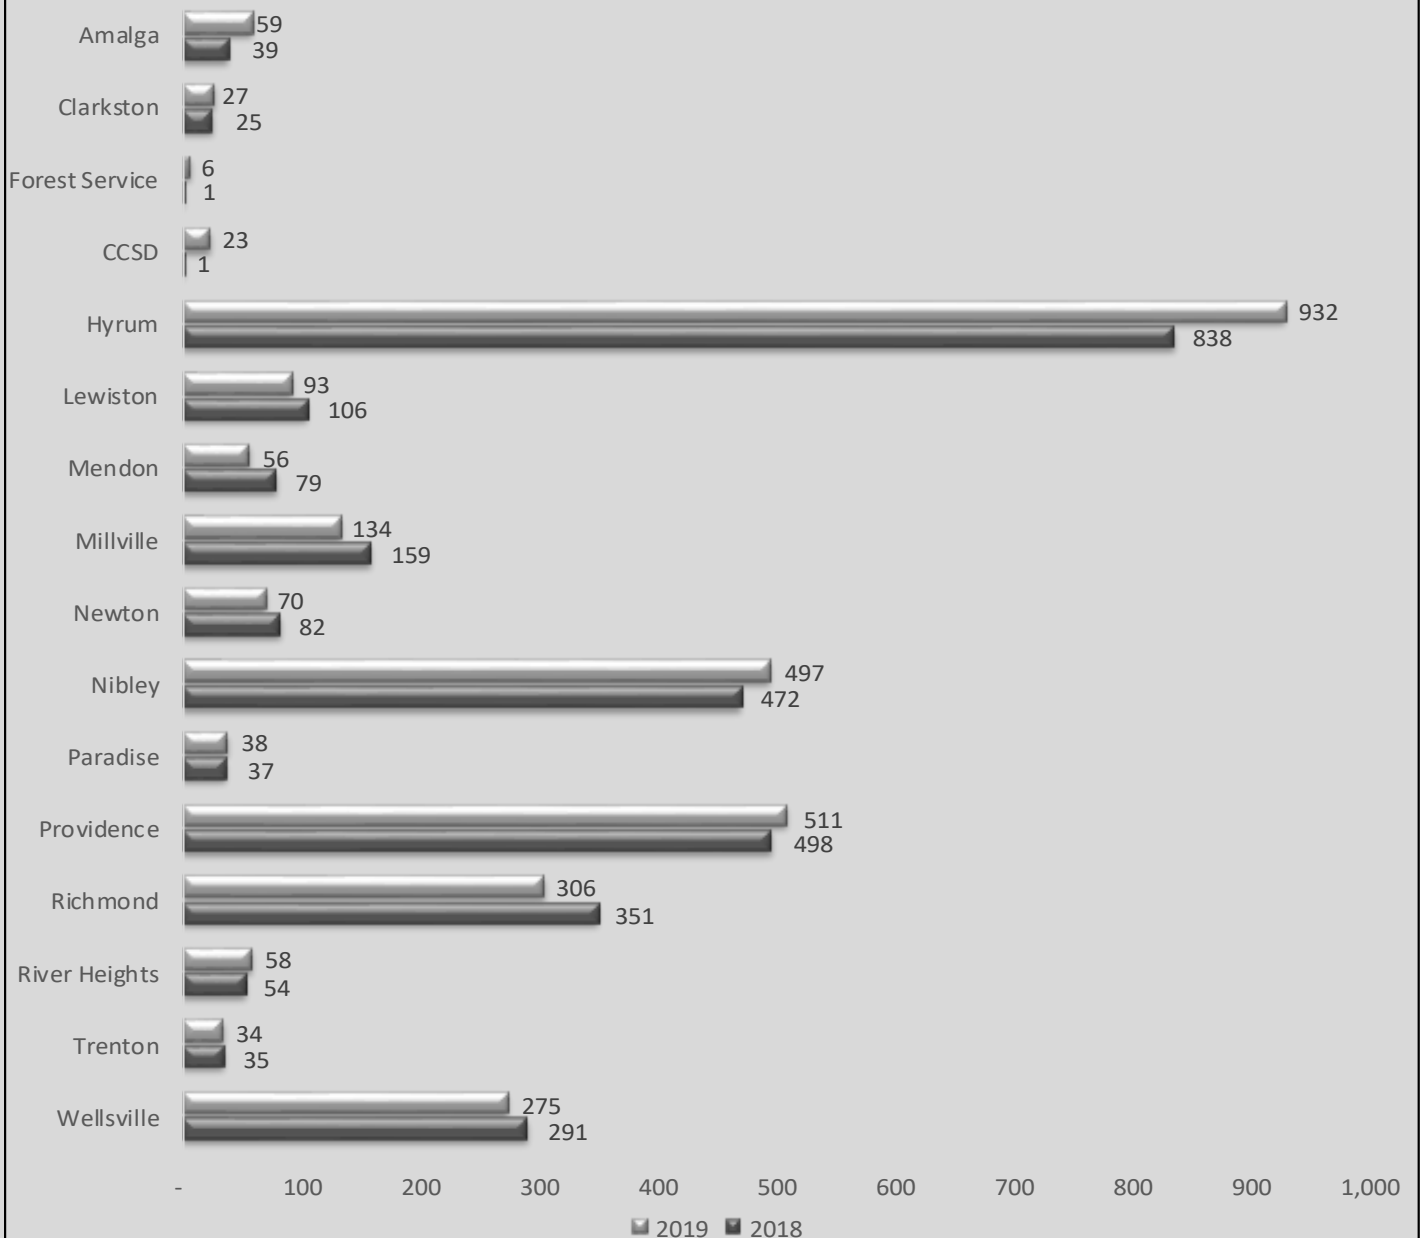

CONTRACT CITY NUMBERS

The Cache County Sheriff's Office contracts with 14 cities and towns, the U.S. Forest Service, Cache County School District, and Cache Valley Transit District to provide law enforcement services. This provides those cities with municipal-type law enforcement services in an economical manner.

The background of the entire page is a dark, high-contrast photograph of vertical metal prison bars. The bars are evenly spaced and run from the top to the bottom of the frame. On the right side, there is a horizontal bar that intersects with the vertical ones, and a small, circular metal fastener or lock is visible on the rightmost vertical bar.

Administrative Staff

The administrative staff is responsible for inmate accounting, including the processing of bail, medical billing, Pay-for-Stay, and billing other agencies for housing. The jail accreditation program is also managed through the Administration office.

Corrections

Corrections deputies are responsible for the safety and security of all inmates and staff within the Cache County Jail. Their duties also include booking inmates in and out of the facility and inmate recreation.

Inmate Programs and Services

Inmate Services is responsible for inmate commissary, inmate programs, classification, work release, work diversion, greenhouse, and county worker programs.

Medical

The medical staff is responsible for all inmate medical care.

Transportation

Transportation deputies are responsible for transporting inmates to court appearances, medical and dental appointments, Utah State Prison, or the Utah State Hospital.

CORRECTIONS

Corrections deputies ensure that the jail is a secure, humane, and fair environment for inmates. The deputies work to create a positive opportunity for inmate behavioral change and reintegration into society. All inmates are treated in a courteous manner, without regard to personal prejudice by reason of gender, race, religion, or political affiliation. The deputies are responsible for the day-to-day functions within the jail.

It is the mission of the Cache County Jail to provide inmate housing while upholding the values and ethics of the Cache County Sheriff's Office. This is done by providing a constitutionally acceptable environment that will ensure safety and security to the community, staff, and inmates. The accomplishment of these goals and other mandated court requirements is facilitated through cost effective management. Qualified staff create a positive atmosphere where participating inmates may advance to a less restrictive environment. It is the responsibility of the Sheriff and his employees to provide services to fulfill the requirements of the United States Constitution, Utah State statutes, and decisions of all courts of jurisdiction.

Inmate Population by Demographics on 12/31/2019	
Demographic Factor	Population
All Inmates	77
Female	8
Male	68
Crime Classification	
First Degree Felony	11
Second Degree Felony	12
Third Degree Felony	29
Class A Misdemeanor	12
Class B Misdemeanor	2
Class C Misdemeanor	0

INMATE PROGRAMS

The Sheriff's Office has several work programs in place for inmates. The public appreciates the service given and the overwhelming majority of inmates in the programs feels a sense of accomplishment.

Inmate Work Programs

There are 40 positions within the jail for inmates to work. Inmates allowed to work within the facility do so in the kitchen, laundry, library, and as janitors. Inmates allowed to work outside the facility work at the Food Pantry, American West Heritage Center, Sheriff's Office greenhouse, County Fairgrounds, Logan Landfill, and Zootah. There are also work crews that work with supervision on the county and Sheriff's Office grounds. Inmates working outside of the jail provided approximately 85,000 work hours this year.

Work Diversion

Work Diversion is another work program that offers opportunities for those sentenced to do community service. This program is being used by many of the local courts including First District Court, Logan Municipal Court and other justice courts. This program provides many benefits to the court system, the community and to the individuals sentenced to the program.

In 2019, a total of 7,480 hours of community service were offered to 15 different organizations in Cache Valley. These service hours provided for work to be done that otherwise would have had to be paid for by local tax payers. The Work Diversion program focuses its efforts in assisting non-profit and government agencies, which maximizes the benefit to local tax payers.

At the same time, this program provides an alternative means of punishment other than incarceration. Many of the individuals who are sentenced to this program are young adults who have committed minor infractions ranging from traffic violations to alcohol violations. These young adults do better working off their fines and punishments than spending several days in jail. By being sentenced to the work diversion program, they can provide a visible benefit to the community, work off fines that otherwise would be financially burdensome while avoiding negative life lessons that too many incarcerated individuals seem to want to provide to newer inmates.

Inmate Programs

Inmates are provided with a variety of programs which they can participate in during their incarceration. These programs include:

- | | | |
|--|---------------------------------------|-------------------------|
| * Addiction Recovery Program (ARP) or Heart to Heart | * Life Skills/Anger Management | * Substance Abuse |
| * Alcoholics Anonymous (AA) | * Moral Reconciliation Therapy (MRT©) | * Thinking for a Change |
| * CAPSA | * NAMI | |
| * Functional Behavior | * Narcotics Anonymous (NA) | |
| * High School | * Parenting Class | |
| * InsideOut Dad | * Project REALITY | |
| * Job Preparation Workshop | * Religious Services | |

SUPPORT SERVICES DIVISION

Civil

The employees in the Civil office are dedicated to the service of civil and some criminal processes and papers.

Court Security

Court Security provides general security for the First District Court complex and bailiff services for the courtrooms.

Emergency Management

Emergency Management is responsible for operating the County EOC and coordinating countywide disaster efforts.

Investigations

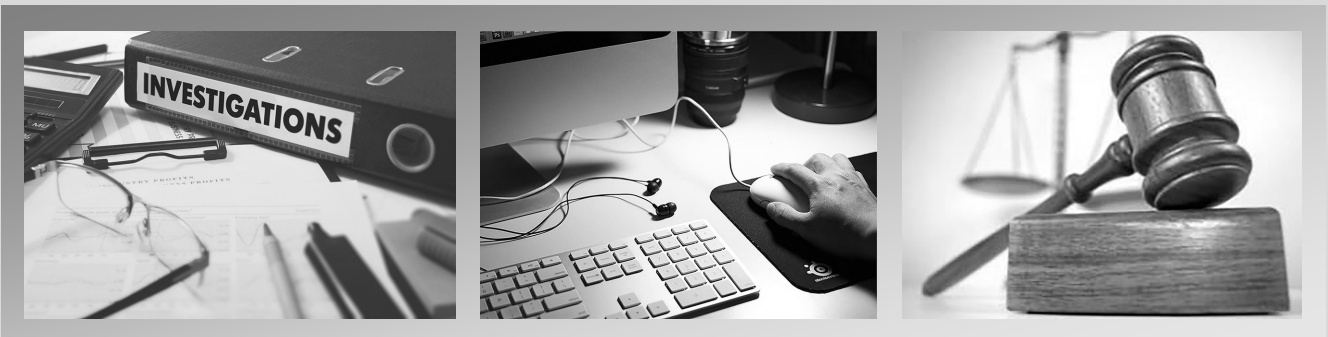

The detectives in Investigations are tasked with investigating the major crimes that occur in the county, focusing on felonies, rape, child abuse, drugs, computer crimes, fraud, and other major cases.

Training/Volunteers

The training department coordinates training for the entire office. The volunteer coordinator is responsible for all volunteer groups such as Search and Rescue and ARES.

IT Department

The Information Technology department is charged with establishing, monitoring and maintaining information technology systems and services.

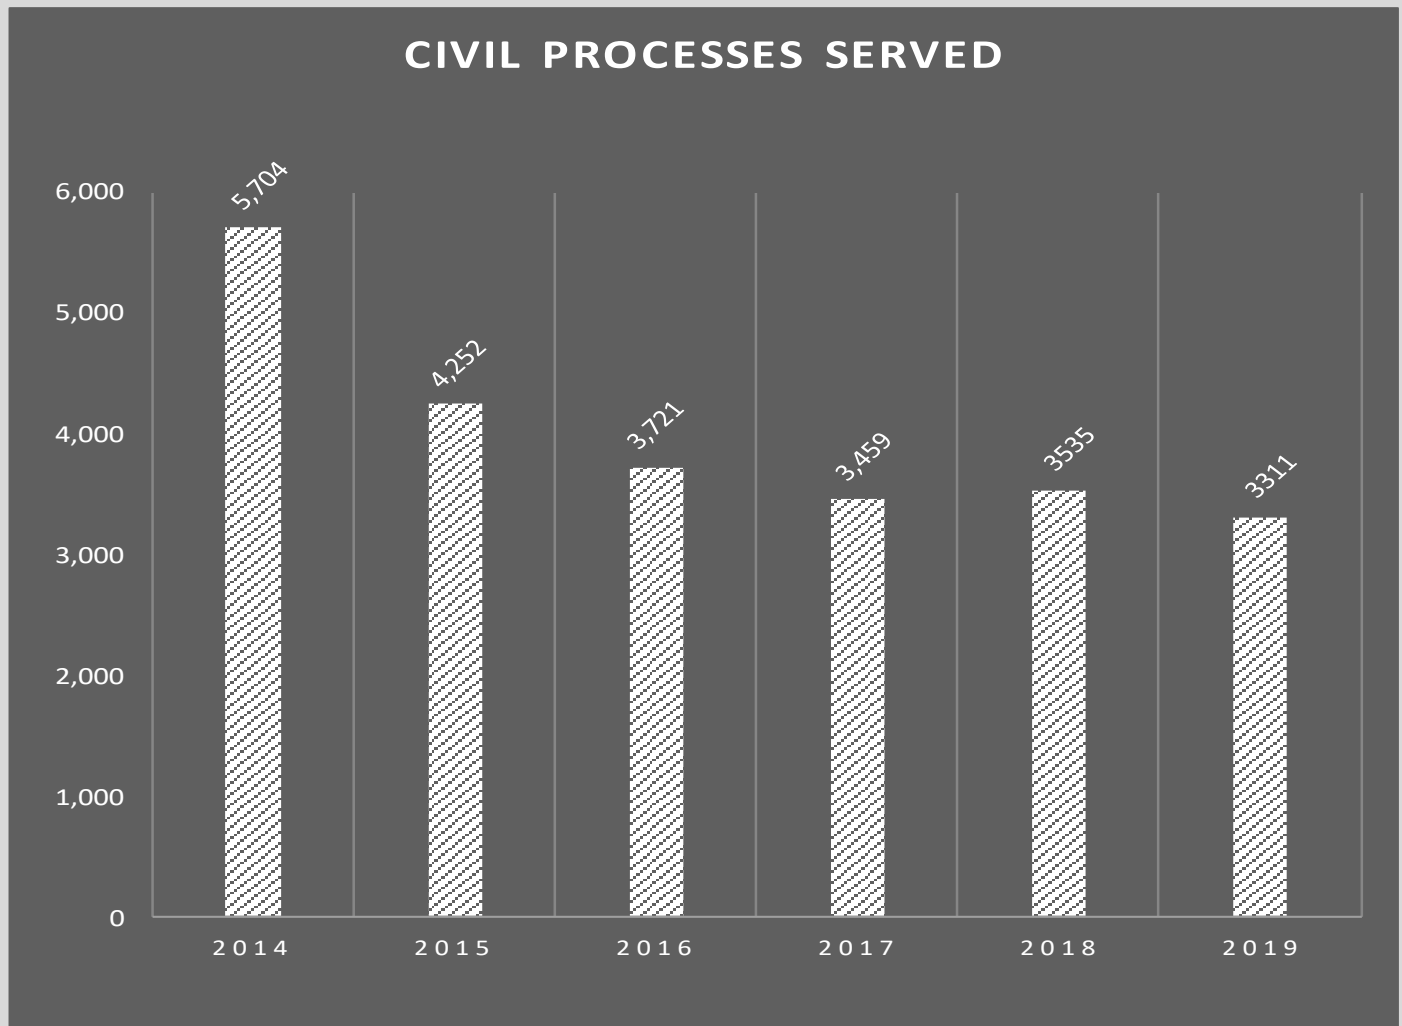

CIVIL DIVISION

The **Civil** unit provides timely service of all processes brought to the Sheriff's Office, as well as executing court orders relative to civil litigation. Additionally, criminal processes, including bench warrants, summons, and orders are served by this unit.

Civil also takes possession of property pursuant to court orders, conducts Sheriff's sales, and generally serves as the enforcement arm for the civil courts.

Enforcement and management of civil law cases is unique to the Sheriff's Office and is a major responsibility, as well as a major liability, for the Sheriff.

COURT SECURITY

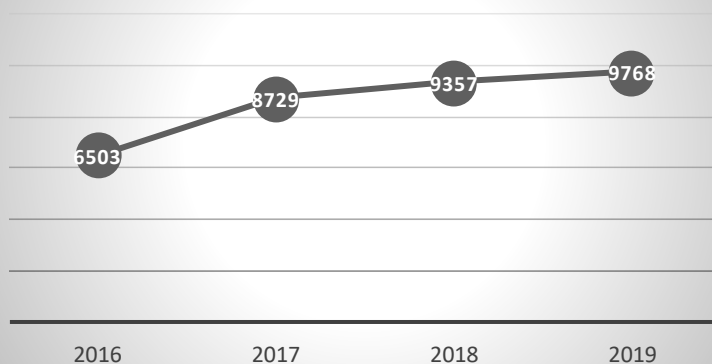

The Sheriff's Office provides two distinct services to the District Court, Juvenile Court, and some justice courts of the First Judicial District.

First, deputy sheriffs serve as the bailiff of the court, whose primary duty is to ensure the safety of the judge and court staff. Additionally, bailiffs help maintain order in the courtroom.

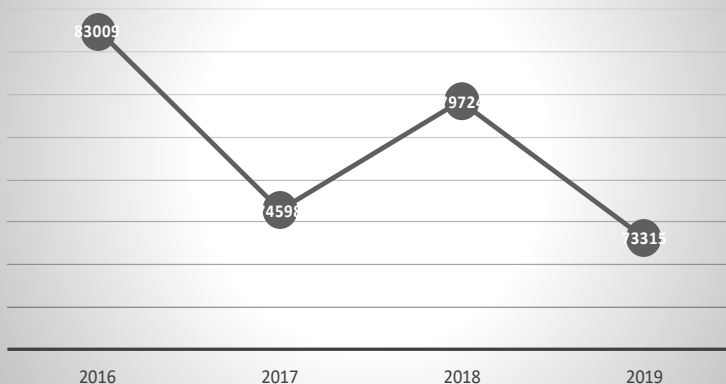

Second, deputy sheriffs provide the security of the court complex. This is accomplished through the deputy's uniformed presence in and around the complex. Additional measures include the use of handheld and stationary magnetometers (metal detectors), intelligence gathering, processing of persons or situations which may pose a threat to the security of the court, and arresting violators of the law in or near the court complex.

The deputy sheriffs assigned to the courts enjoy an excellent working relationship with judges, court clerks, attorneys, and patrons.

Bailiff Hours: 2,922

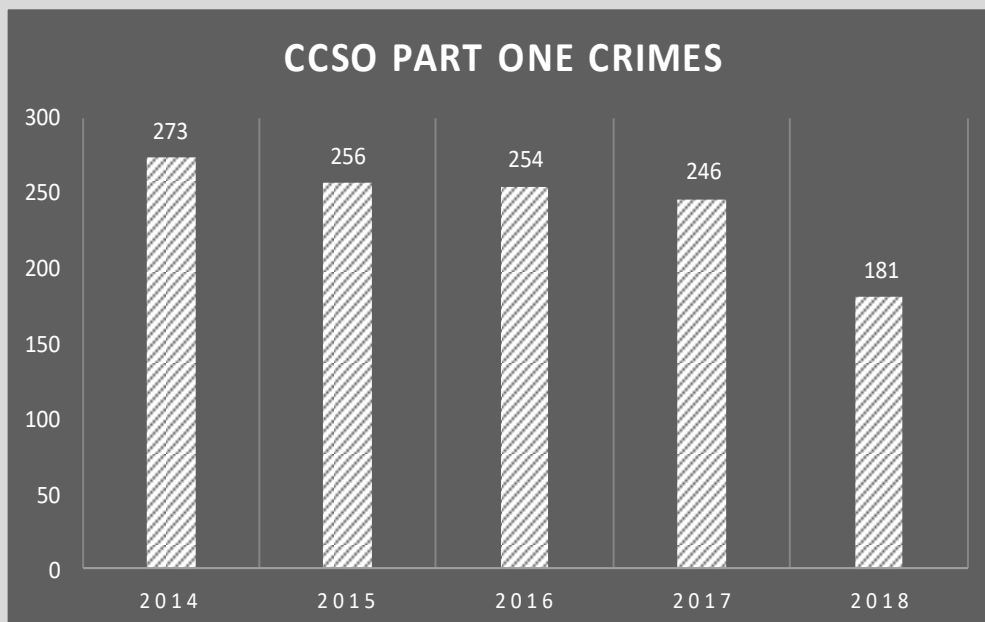

Security Hours: 5,759

INVESTIGATIONS

The detectives assigned to **Investigations** are responsible for investigating major crimes in the county. The Sheriff's Office also assigns one detective to be a member of the Cache/Rich Drug Task Force, which enforces drug crime in Cache and Rich counties.

Part One Crimes

In 1930, the FBI was tasked with collecting, publishing and archiving statistics for Part One (major) crimes, namely aggravated assault, burglary, larceny (theft), robbery, rape, vehicle theft, arson and homicide. These major crimes are the most serious and are complex to solve. The most recent crime index statistics available are for 2018. The Cache County Sheriff's Office has a crime index rate of 3.8 per 1,000 people (total number of Part One crimes divided by the service population multiplied by 1,000).

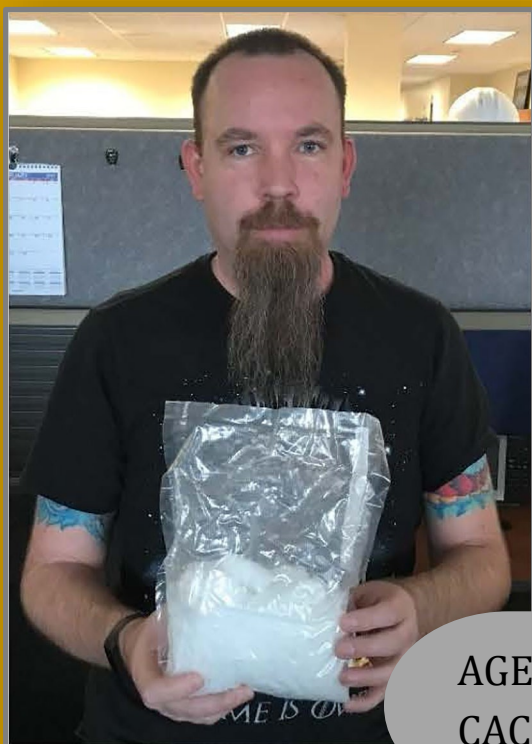

Source: 2018 Crime in Utah Report, Department of Public Safety – Bureau of Criminal Identification

This data only contains the crimes reported to the Cache County Sheriff's Office and should be reviewed with care. This display should not be taken to imply regularity in the commission of Part One crimes; it represents the annual ratio of crimes to a fixed time interval.

The **Cache/Rich Drug Task Force** investigates drug related crimes in both Cache and Rich Counties. The Cache/Rich Drug Task Force is made up of five full-time law enforcement officers: three detectives from the Logan City Police Department, one detective from the Cache County Sheriff's Office, and one Logan City Police Department sergeant to supervise the task force. The Task Force also works closely with a Special Agent from the Department of Homeland Security Investigations (HIS) who has been assigned to the Cache County area. The Cache/Rich Drug Task Force also works with the Rich County Sheriff's Office, Smithfield Police Department, North Park Police Department, Utah State University Police Department, and the Cache County Attorney's Office, as well as with Adult Probation and Parole, the Division of Child and Family Services, and other local, state, and federal agencies.

In 2019, the Task Force investigated 316 incidents, executed 37 search warrants, and provided 24 drug education/prevention presentations throughout the year. The Task Force made 182 arrests; the primary offenses were for methamphetamine, heroin, marijuana, firearms violations, and controlled prescription medication, among various other charges. Task Force members attended the annual Utah Narcotic Officers Association conference, as well as several other training seminars including the Desert Snow interdiction course.

In February, Agent Openshaw investigated information that an adult female was traveling to Salt Lake County to bring a large quantity of methamphetamine into Cache County. He was able to arrange a traffic stop as the vehicle came out of Sardine Canyon into Wellsville and he and Agent Grange located one pound of methamphetamine and a package of small baggies, which further indicated intent to distribute, during a search of the car. An adult male was with the female, and both were arrested for possession of methamphetamine with intent to distribute.

EMERGENCY OPERATIONS

The Cache County **Emergency Operations Center (EOC)** is located at the Sheriff's Office Complex, and is managed by the Cache County Office of Emergency Management. The EOC serves as the central point for exercising direction and control by County government, and for coordinating emergency response and recovery operations during times of emergency or disaster.

Floods, earthquakes, severe storms, landslides, hazardous material spills, and search and rescue operations are examples of emergencies or disasters that may require centralized direction and control through the EOC.

This centralized direction and control is facilitated through the efforts of emergency responders, staff, volunteer agencies, non-governmental organizations, and elected and appointed officials who have assigned emergency support and coordinating responsibilities within the EOC. Coordination of activities ensures that all tasks are accomplished with little or no duplication, and with the highest probability of success.

Day-to-day operations include maintaining situational awareness and disseminating information. The EOC is ideally suited for this because of numerous phone lines and other communications capabilities. Day-to-day operations may also include managing Amber Alerts. If an Amber Alert is ordered in the County, the EOC serves as the call center for receiving tips and gathering information related to the alert. The EOC will serve as the central point of disseminating Amber Alert information to the public.

The EOC is equipped with emergency supplies, communications equipment, computer-based reference materials, and activity logs. It has backup power and lighting, along with the other tools necessary to function in emergency or disaster situations.

The EOC is also equipped to serve as an alternate Emergency 911 Dispatch Center.

To ensure all response and recovery tasks are accomplished with the highest probability of success, the EOC facilitates a county-wide "Training and Exercise" program. Within the past year, training has been provided to a number of emergency responders, staff, volunteers, faith-based groups, and elected and appointed officials.

EOC

NIMS ICS Training:

- ICS 100 - 25 Participants
- ICS 200 - 25 Participants
- ICS 300 - 35 Participants
- ICS 400 - 62 Participants
- ICS 700 - 25 Participants

CERT Training:

- Basic CERT - 35 Participants
- Disasterville TTX - 80 Participants
- Neighborhood Rapid Damage Assessment - 35 Participants

Disaster Preparedness Events:

- Community - 2 Events
- Business - 2 Events

Emergency Response Exercises:

- State/Regional - 1 Exercise
- County EOC - 2 Exercises
- Community EOC - 2 Exercises
- Northern Utah Healthcare Coalition - 2 Exercises

CCSO In-Service Training:

- Hazmat Refresher - 120 Participants

National Weather Service - Weather alerts/ advisories, watches and warnings monitored:

- Severe Wind - 6 Events
- Sever Weather - 5 Events
- Snow Advisories - 5 Events
- Heat Advisories - 1 Events
- WEA Monthly Tests - 6 Tests

Public Speaking Opportunities:

- Civic Clubs - 1 Event
- Government - 3 Events
- Faith Based Groups - 3 Events

Plan Reviews/Updates:

- Cache County 3 Year Training & Exercising Plan
- BRAG Tri-County Hazard Mitigation Plan
- Cache County Rapid Assessment Plan
- Cache County Public Information - JIS/JIC Plan

Dam Inspections with State Dam Engineer:

- Logan First Dam
- Tony Grove Dam
- Porcupine Dam
- Wellsville Reservoir
- Hyrum City Dam

Training Courses:

- Debris Management
- WebEOC for Local Emergency Managers
- NFIP Workshop
- Radiological Training for Mass Transit Officials
- Active Shooter Exercise Development Course
- Rapid Needs Assessment
- FEMA Commodities Points of Distribution
- Recovery from Disaster: Local Government Role

Projects/Programs:

- Private Sector Resilience Group
- Preparedness Monthly Insert in Herald Journal Newspaper
- Red Cross Evacuation Shelter Surveys
- Sandbag/Sand Storage Container
- Drone License
- Preparedness Specialist Monthly Roundtable

VOLUNTEERS

Emergency Management maintains and assists in training a large pool of volunteer groups. Three groups that are used extensively to aid the Sheriff's Office are Search and Rescue, Explorers and the Amateur Radio Emergency Service (ARES) group.

Explorer Program

Law Enforcement Exploring prepares young men and women for a career in law enforcement by providing educational training on the duties, concepts, purpose, and objectives of the law enforcement profession. The program provides experiences in leadership, career orientation, and community service. The purpose of the program is to help young adults choose a career path within law enforcement and to challenge them to become responsible citizens of their communities and nation. The Cache County Sheriff's Explorer Program embraces a community service attitude, professionalism, and ethical behavior in all of its members. Through regular meeting attendance, service, training, and practical experiences, Explorers develop character, citizenship, patriotism, physical fitness, and confidence.

In 2019, the Cache County Sheriff's Office Explorer Program consisted of 13 volunteers. They donated over 1,000 hours to the community, participating in activities such as, the Cache County Fair & Rodeo (burger stand), parades, city celebrations, and National Night Out. They helped out as role-players for CCSO and police academy training scenarios and patrol ride-alongs.

Search and Rescue

In 2019, The Cache County Sheriff's Office **Search and Rescue** Unit responded to 45 Search and Rescue incidents including:

- 28 Off Road Medicals
- 10 Missing or Overdue Person(s)
- 4 Lost Person/Wilderness Search and Rescue
- 3 Out of County Search and Rescue Support Missions

Search and Rescue volunteers donated 3,922 hours on searches. While some searches took only a few hours, others had multiple days of operations.

Search and Rescue volunteers attended 66 trainings and community events during the year, logging 2,657 documented training hours and 275 documented hours donated to local community events.

Search and Rescue has two volunteer members who are also SAR canine handlers. They conducted another 40 separate K9 SAR training events. Both K9s certified on NASAR Avalanche Rescue and one canine is certified as a FEMA Disaster Responder (K9). Hundreds of hours a year are donated by the handlers to train their personal canines to be used for search and rescue needs.

The Cache County Sheriff's Office Search and Rescue team is made up of 42 volunteers. These volunteers not only donate their time, but use of personally owned vehicles, trailers, ATVs, UTVs, snowmobiles, watercraft and other equipment.

The Cache County Sheriff's Office continues to rank in the top six most active search and rescue teams in the state of Utah. By Utah state law, the Sheriff of each county is required to manage all search and rescue operations in their county. This would be an enormous cost to the taxpayers if it were done with paid staff.

The Sheriff's Office also gratefully acknowledges the following additional groups and agencies for their time in assisting on searches and with training in 2019:

- US National Forest Service
- Life Flight
- Utah Department of Public Safety
- Air Med
- Utah Parks and Recreation
- Cache Honda Yamaha
- Mountain Rescue Association, MRA
- National Association of Search and Rescue, NASAR
- Weber County Sheriff's Office Search and Rescue
- Box Elder County Sheriff's Office Search and Rescue
- Cache County EMS Authority
- Logan City Fire/EMS
- RMUS Industrial UAV Experts
- Frank May Ski doo
- USU Dining Services

ARES Radio Group

In 2019, the **Amateur Radio Emergency Services ® Group (ARES)** had 39 active members. These volunteers are licensed amateurs who have registered their qualifications and equipment, with their local ARES leadership, for communications duty in the public service when disaster strikes. They have donated 2,827 hours to the citizens of Cache County.
