Findings of Fact (18)

A. Request description

1. A request to rezone 8.77 acres from the Agricultural (A10) Zone to the Industrial (I) Zone.
2. This rezone may allow the parcel to establish uses permitted in the Industrial (I) Zone. A rezone request is general in nature and is not tied to any proposed use. Any impacts related to permitted and conditional uses allowed within the Industrial Zone will be addressed as part of each respective approval process required prior to site development activities.
3. Staff has identified general information as pertains to the subject property to assist the Planning Commission and County Council in arriving at a decision. This information is reflected in the attached map (Attachment A) and in the following text:

Exhibit A

Revised: Pg. 5 – Planning Commission recommendation

a. Land Use Context:

i. Parcel status: The subject property is legal as it in the same size and configuration since August 8, 2006. In 2011, a Conditional Use Permit (CUP) was approved on the property for self-storage units, which, at the time, was allowed with a CUP in the Agricultural (A-10) Zone. The initial proposal included 3 phases and 6 buildings of self-service storage units. However, the proposal was scaled back to and approved as a 2 building development.

Self-service storage facilities (Use Type 3410) are currently prohibited in the A10 Zone; consequently, the existing facility is considered legal, non-conforming and cannot be expanded. This use type is allowed in the Commercial (C) and Industrial (I) Zones with approval of a CUP.

ii. The Industrial (I) Zone allows for a variety of uses with the approval of a zoning clearance and/or conditional use permit, including the following uses, that are not permitted in the current Agricultural (A10) Zone:

- General Manufacturing
- Storage and Warehousing
- Transport Services
- Sexually-oriented Businesses
- Crematorium
- Commercial Kennels/Animal Shelters

iii. Adjacent uses: The properties adjacent to the subject rezone are primarily used for agricultural purposes. (Attachment A).

Revised: Pg. 5 – Planning Commission recommendation

iv. Average Lot Size:

	Without a Home in Smithfield City: 7.25 Acres (2 Parcels)
1/4 Mile Buffer	With a Home: 4.5 Acres (5 Parcels)

	Without a Home: 9.8 Acres (51 Parcels)
	Without a Home in Smithfield City: 4.6 Acres (48 Parcels)

- v. Annexation Areas: The subject property is located within the Smithfield City future annexation area. At the time the application was submitted, the applicant provided a copy of an email from the Smithfield City Recorder stating the city has no intent nor ability to force the annexation of the property into the City (Attachment B).

B. Ordinance—§12.02.010, §17.02.060; §17.08.030 [C]

4. As per §17.02.060, Establishment of Land Use Authority, the County Council is authorized to act as the Land Use Authority for this application.
5. The current County Land Use Ordinance does not specify appropriate locations for the Industrial (I) Zone but does contain general guidelines for its implementation. County Land Use Ordinance §17.08.030 [F] identifies the purpose of the Industrial Zone and includes the following:
 - a. “To provide locations where manufacturing, processing, warehousing, and fabrication of goods and material can be carried on with minimum conflict or deleterious effect upon the surrounding properties. The purpose of this zone is also to promote the economic well being of the citizens and to broaden the tax base.
 - b. This zone must be appropriately served by suitable public roads, have access to the necessary water and utilities, and have adequate provision of public services.”
6. Any impacts related to permitted and conditional uses allowed within the Industrial (I) Zone will be addressed as part of each respective approval process required prior to site development activities.

C. Access—16.04.040 [A], 16.04.080 [E], Road Manual

7. §12.02.010 adopts the Manual of Roadway Design and Construction Standards (Road Manual) for roadway improvement requirements.
8. §16.02.010 Standards and Lot Size – All subdivisions must meet the minimum lot and development standards as outlined in each base zone of the Cache County Zoning Ordinance and within this title.
9. Table 17.10.040 Site Development Standards – Minimum lot frontage required in the Industrial Zone is 150 feet.
10. §17.07.040 General Definitions – Lot/Parcel Frontage: that portion of a development site that abuts a public or private roadway. For the purposes of determining setback requirements on corner lots, all sides of a lot adjacent to a roadway shall be considered frontage
11. §16.04.040 [A] Roads – All roads must be designed and constructed in accordance with Title 12 of the County Code.
12. §12.02.010 Roadway Standards – Requirements for roadway improvement are provided in the current Manual of Roadway Design and Construction Standards (Road Manual).
13. A basic review of the access to the subject property identifies the following:
 - a. Primary access to the subject property is from 4600 North, a County road.
14. 4600 North:
 - a. Is an existing county facility that provides through access from Hwy 91 to 2400 West, as well as to multiple single-family homes and agricultural lands.
 - b. Is classified as a Minor Collector, but new development is only required to meet a Major Local Road standard.
 - c. Is paved and is approximately 20 feet wide.
 - d. Is maintained year-round.
 - e. Is considered substandard as to paved and gravel shoulder widths requirements for a Major Local Road. See table below:

Exhibit A

Revised: Pg. 5 – Planning Commission recommendation

D. Service Provisions:

15. §16.04.080 [C] Fire Control – The County Fire District did not have any comments regarding the rezone request. Any potential future development will be reviewed and may require improvements depending on location and size. Plans must be submitted to the Fire Department for review and approval prior to construction.
16. §16.04.080 [F] Solid Waste Disposal – Logan City Environmental had no comments on the rezone request.

E. Public Notice and Comment—§17.02.040 Notice of Meetings

17. Public notice was posted online to the Utah Public Notice Website on 21 December 2022.
18. Notices were posted in three public places on 21 December 2022.
19. Notices were mailed to all property owners within 300 feet and Smithfield City on 21 December 2023.
20. At this time, no written public comment regarding this proposal has been received by the Development Services Office.

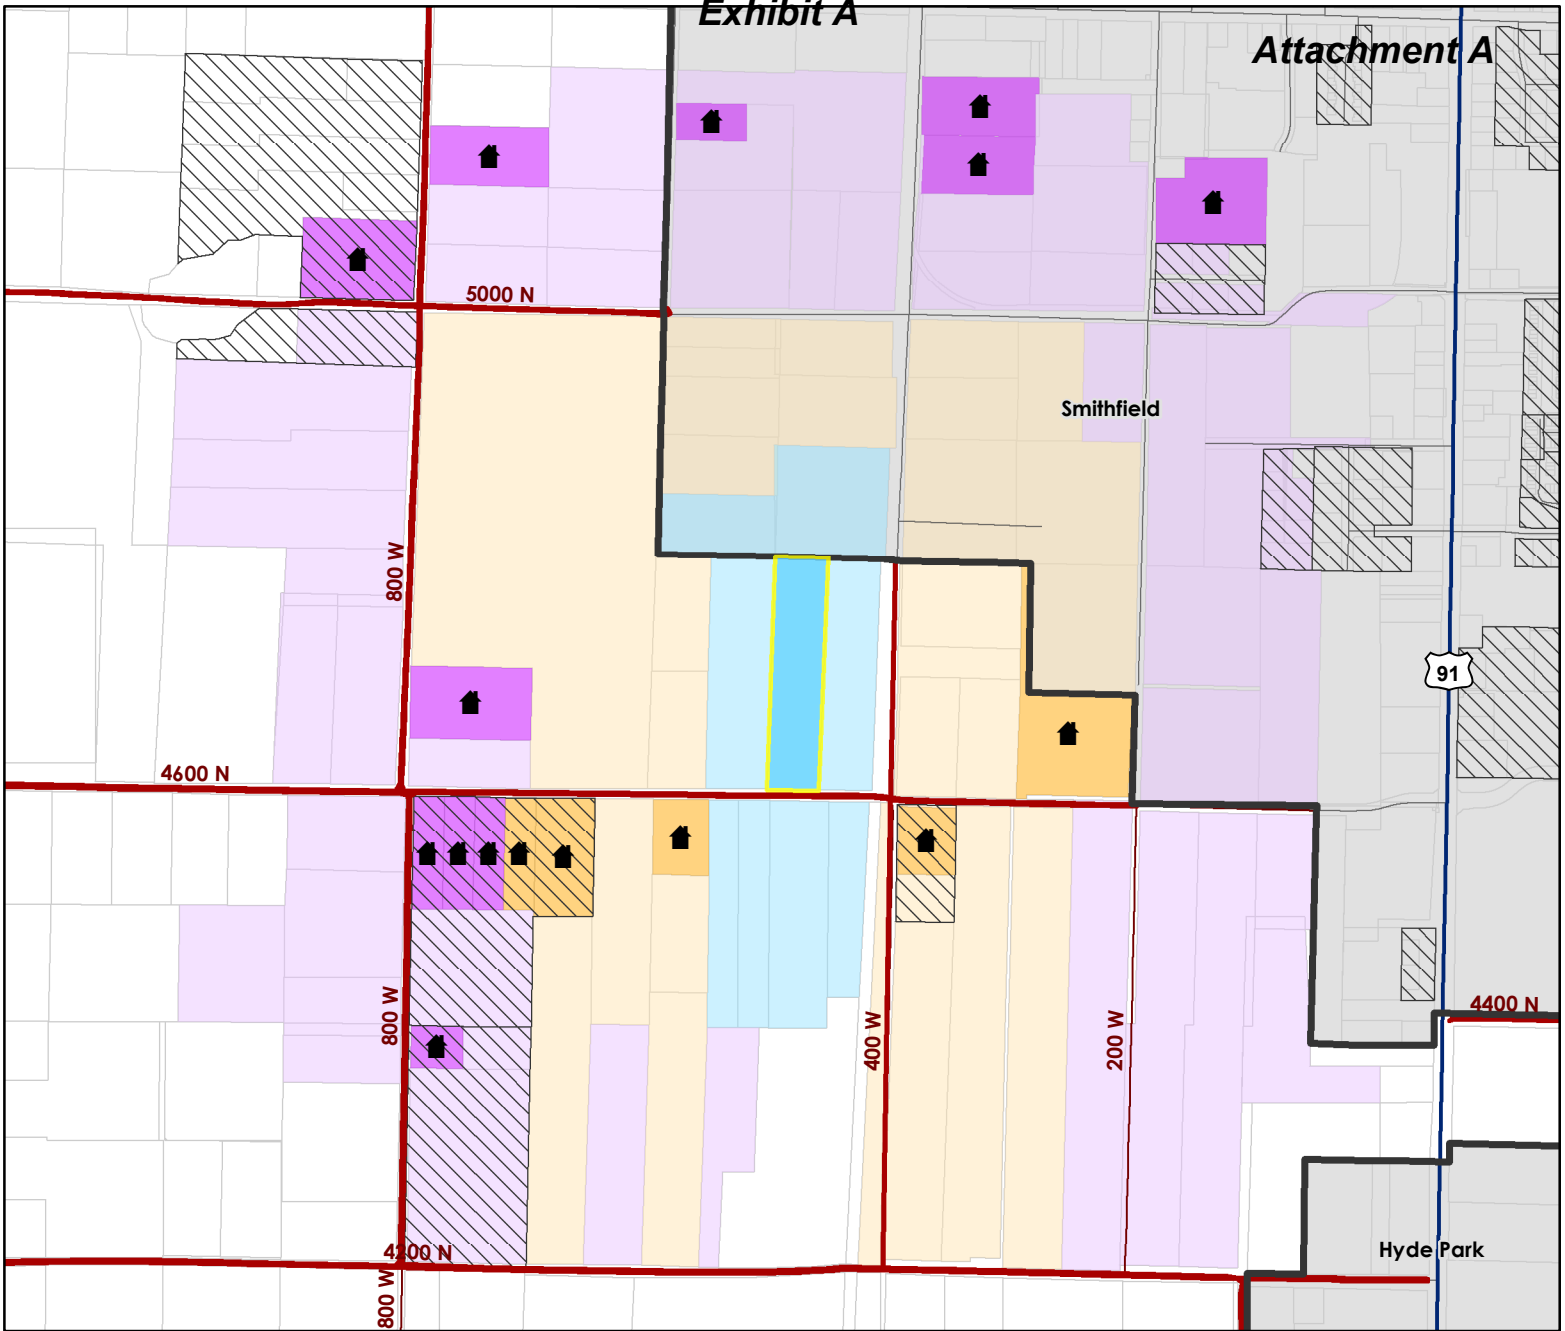

Staff Conclusion

The Hot Iron Storage Rezone, a request to rezone 8.77 acres from the Agricultural (A10) Zone to the Industrial (I) Zone has been reviewed in conformance with Title 17 of the Cache County Land Use Ordinance and the County Manual of Roadway Design and Construction Standards. Staff has not made a recommendation on this request and can assist the Planning Commission in drafting a recommendation based on the findings of fact identified above and any others identified at the public hearing.

Planning Commission Conclusion

Based on the findings of fact noted herein, the Hot Iron Storage Rezone is hereby recommended for approval to the County Council as follows:

1. The location of the subject property is compatible with the purpose of the Industrial (I) Zone as identified under §17.08.030[F] of the Cache County Code as it:
 - a. Allows for industrial development in an area with minimal residential development, which may limit conflict or deleterious effects upon surrounding properties; and,

Marv:

Good afternoon.

It was good to speak with you today regarding Cache County Parcel Number 08-108-0017 (Hot Iron Storage LLC).

Annexation code does not allow for an island or a peninsula to be created.

The city cannot force anyone to annex their parcel into the city limits.

Parcels east of you owned by Donald Dente, Dennis J. Thornley and possible Jay Pitcher would have to be annexed at the same time in order to not create a peninsula.

Let me know if you have additional questions.

Thanks,

Findings of Fact (18)

A. Request description

1. A request to rezone 8.77 acres from the Agricultural (A10) Zone to the Industrial (I) Zone.
2. This rezone may allow the parcel to establish uses permitted in the Industrial (I) Zone. A rezone request is general in nature and is not tied to any proposed use. Any impacts related to permitted and conditional uses allowed within the Industrial Zone will be addressed as part of each respective approval process required prior to site development activities.
3. Staff has identified general information as pertains to the subject property to assist the Planning Commission and County Council in arriving at a decision. This information is reflected in the attached map (Attachment A) and in the following text:

Exhibit A

Revised: Pg. 5 – Planning Commission recommendation

a. Land Use Context:

i. Parcel status: The subject property is legal as it is in the same size and configuration since August 8, 2006. In 2011, a Conditional Use Permit (CUP) was approved on the property for self-storage units, which, at the time, was allowed with a CUP in the Agricultural (A-10) Zone. The initial proposal included 3 phases and 6 buildings of self-service storage units. However, the proposal was scaled back to and approved as a 2 building development.

Self-service storage facilities (Use Type 3410) are currently prohibited in the A10 Zone; consequently, the existing facility is considered legal, non-conforming and cannot be expanded. This use type is allowed in the Commercial (C) and Industrial (I) Zones with approval of a CUP.

ii. The Industrial (I) Zone allows for a variety of uses with the approval of a zoning clearance and/or conditional use permit, including the following uses, that are not permitted in the current Agricultural (A10) Zone:

- General Manufacturing
- Storage and Warehousing
- Transport Services
- Sexually-oriented Businesses
- Crematorium
- Commercial Kennels/Animal Shelters

iii. Adjacent uses: The properties adjacent to the subject rezone are primarily used for agricultural purposes. (Attachment A).

	Without a Home: 9.8 Acres (51 Parcels)
	Without a Home in Smithfield City: 4.6 Acres (48 Parcels)

- v. Annexation Areas: The subject property is located within the Smithfield City future annexation area. At the time the application was submitted, the applicant provided a copy of an email from the Smithfield City Recorder stating the city has no intent nor ability to force the annexation of the property into the City (Attachment B).

4. As per §17.02.060, Establishment of Land Use Authority, the County Council is authorized to act as the Land Use Authority for this application.
5. The current County Land Use Ordinance does not specify appropriate locations for the Industrial (I) Zone but does contain general guidelines for its implementation. County Land Use Ordinance §17.08.030 [F] identifies the purpose of the Industrial Zone and includes the following:
 - a. “To provide locations where manufacturing, processing, warehousing, and fabrication of goods and material can be carried on with minimum conflict or deleterious effect upon the surrounding properties. The purpose of this zone is also to promote the economic well being of the citizens and to broaden the tax base.
 - b. This zone must be appropriately served by suitable public roads, have access to the necessary water and utilities, and have adequate provision of public services.”
6. Any impacts related to permitted and conditional uses allowed within the Industrial (I) Zone will be addressed as part of each respective approval process required prior to site development activities.

C. Access—16.04.040 [A], 16.04.080 [E], Road Manual

7. §12.02.010 adopts the Manual of Roadway Design and Construction Standards (Road Manual) for roadway improvement requirements.
8. §16.02.010 Standards and Lot Size – All subdivisions must meet the minimum lot and development standards as outlined in each base zone of the Cache County Zoning Ordinance and within this title.
9. Table 17.10.040 Site Development Standards – Minimum lot frontage required in the Industrial Zone is 150 feet.

11. §16.04.040 [A] Roads – All roads must be designed and constructed in accordance with Title 12 of the County Code.
12. §12.02.010 Roadway Standards – Requirements for roadway improvement are provided in the current Manual of Roadway Design and Construction Standards (Road Manual).

 - a. Primary access to the subject property is from 4600 North, a County road.
14. 4600 North:
 - a. Is an existing county facility that provides through access from Hwy 91 to 2400 West, as well as to multiple single-family homes and agricultural lands.
 - b. Is classified as a Minor Collector, but new development is only required to meet a Major Local Road standard.
 - c. Is paved and is approximately 20 feet wide.

D. Service Provisions:

15. §16.04.080 [C] Fire Control – The County Fire District did not have any comments regarding the rezone request. Any potential future development will be reviewed and may require improvements depending on location and size. Plans must be submitted to the Fire Department for review and approval prior to construction.
16. §16.04.080 [F] Solid Waste Disposal – Logan City Environmental had no comments on the rezone request.

E. Public Notice and Comment—§17.02.040 Notice of Meetings

17. Public notice was posted online to the Utah Public Notice Website on 21 December 2022.
18. Notices were posted in three public places on 21 December 2022.
19. Notices were mailed to all property owners within 300 feet and Smithfield City on 21 December 2023.

Good afternoon.

It was good to speak with you today regarding Cache County Parcel Number 08-108-0017 (Hot Iron Storage LLC).

Annexation code does not allow for an island or a peninsula to be created.

The city cannot force anyone to annex their parcel into the city limits.

Parcels east of you owned by Donald Dente, Dennis J. Thornley and possible Jay Pitcher would have to be annexed at the same time in order to not create a peninsula.

Let me know if you have additional questions.

Thanks,

2022 Moderate Income Housing Plan Update, Implementation Plan and Annual Update

A Resolution of Cache County, Utah, Amending the County's Annual Moderate Income Housing Plan with an Updated Implementation Plan for the 2022 Annual Report to

WHEREAS, Utah Code Annotated §17-27a-408 requires the County to amend or update the Moderate Income Housing Plan with an Implementation Plan and provide a report to the State Housing and Community Development Division within the Department of Workforce Services; and

WHEREAS, the County has considered applicable strategies for moderate income housing as provided in State Code §17-27a-403 and now desires to adopt the same by this Resolution for adoption and implementation; and

WHEREAS, the County Report for the year 2022 is to be submitted by the allowed deadline extension of February 16, 2023, and

NOW, THEREFORE, BE IT RESOLVED by the County Council of Cache County, Utah, that the Moderate Income Housing Plan implementation strategies attached in Exhibit “A” incorporated herein by this reference are hereby adopted as an amended update to the Cache County Moderate Income Housing Plan. The 2023 amendment is to be written on the cover of the plan.

The Department of Development Services is hereby authorized to execute any documents related to the Report. This Resolution is effective immediately upon passage and approval.

PASSED AND ADOPTED by the County Council on this ____ day of _____, 2023.

EXHIBIT “A”

In conformance with Utah Code Annotated §17-27a-403, Cache County has made efforts to provide a realistic opportunity for the development of moderate income housing in 2022, and adopts the following recommended strategies to implement housing choices in 2023:

E - Create or allow for, and reduce regulations related to, internal or detached accessory dwelling units in residential zones.

Cache County Code §17.07.030: Use Related Definitions, Use Type 1120 Accessory Apartment allows for an internal or attached accessory dwelling unit (ADU) associated with a single family dwelling in the A10, RU5 and RU2 zones. The County Planning Commission has reviewed draft amendments to this ordinance in January and February 2023 to become fully compliant with State Code §17-27a-526. A joint Planning Commission and County Council work meeting will take place, followed by final drafting and public hearings to update the ordinance. The anticipated timeframe for updating the ordinance is June 2023.

Cache County will track the number of ADU zoning clearance permits and building permits on an annual basis to include in the annual moderate income housing report to the State.

G - Amend land use regulations to allow for higher density or new moderate income residential development in commercial or mixed-use zones near major transit investment corridors.

Cache County Code §02.40.020 states that Cache County Planning and Zoning Division provides Countywide Planning services to "Coordinate with other local governments and county residents to ensure completion of the Regional Collaboration Plan, and maintain and oversee the Regional Collaboration Plan; and maintain a countywide perspective in planning efforts and provide essential services and resources necessary to help county residents fulfill their planning needs; and achieve compliance with all state and federal statutes and regulations through ongoing training and compliance efforts."

This partnership includes the coordination of land use, housing and transportation decisions with consideration of housing needed for economic development and job growth in municipalities where sewer and water services exist to support moderate income housing. **Regional Collaboration** includes the engagement of key stakeholders, including the Cache Valley Transit District to consider current and future transit investment corridors that could be supported by the trip demand from planned mixed-use development, including moderate income housing opportunities.

A comprehensive General Plan update process started in 2020, and is now being reviewed by the County Council with a recommendation of approval from the Planning Commission. This draft plan includes a Regional Collaboration Plan element to provide information and perspective for continued coordination between the County and Municipalities in 2023 and subsequent years.

The County Council will review the final draft of the Comprehensive General Plan and Regional Collaboration Plan, refine and amend as necessary, with an anticipated adoption timeframe of June 2023.

Cache Countywide Planning services include GIS Mapping support of the municipalities in the County with mapping of general plan future land uses and current land use zoning. Cache Countywide Planning and GIS will continue to provide these services, and conduct at a minimum an annual review to verify that future land use and zoning mapping is current with recently adopted general plan updates and zoning map amendments for each community. This will be conducted each year prior to the annual moderate income housing report to the State.

F - zone or rezone for higher density or moderate income residential development in commercial or mixed-use zones, commercial centers, or employment centers;

In 2021, Cache Countywide Planning services supported Hyde Park City with a Town Center framework plan that was referenced in the 2022 General Plan update process. Hyde Park City's General Plan update was adopted in December 2022, and includes a recommended mixed-use development area along Wolf Pack Way to include commercial, office, and multi-family housing opportunities (pg. 30). Cache Countywide Planning services will continue to support Hyde Park City and other partner communities in 2023 with technical planning assistance such as concept planning, model ordinance language and other services to explore a variety of land use topics, including mixed-use development where desired.

Cache County will meet with partner municipalities at least once a year to identify priority land use planning areas and topics to study, including moderate income housing goals and strategies. This outreach process will drive the work program of the Cache Countywide Planning services, including individual community focus and/or studies that are applicable and beneficial to multiple communities.
