Cache County, Utah
Attention: Matt Funk, County Auditor
Logan, Utah

Thank you for giving Jones Simkins LLC the opportunity to submit a proposal to provide audit services to Cache County, Utah for the fiscal years ending December 31, 2025 through December 31, 2029.

Scope of Work

It is our understanding, based on your request for proposal (RFP) as well as auditing standards generally accepted in the United States of America, that the scope of work for the fiscal years ending December 31, 2025 through December 31, 2029 for Cache County, Utah includes the following:

1. Performance of the audit of the financial statements of Cache County, Utah in accordance with generally accepted auditing standards as adopted by the AICPA (GAAS), and generally accepted governmental auditing standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.
2. Performance of an audit of Cache County, Utah's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs in accordance with GAAS, *Government Auditing Standards*, and *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).
3. Issuance of an Independent Auditor's Report (an opinion) on whether the financial statements of Cache County, Utah and the related notes to the financial statements present fairly, in all material respects, the respective financial position and the respective changes in financial position of Cache County, Utah in accordance with accounting principles generally accepted in the United States of America and whether the Schedule of Expenditures of Federal Awards and additional supplementary information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.
4. Issuance of an Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.
5. Issuance of an Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance in Accordance with the Uniform Guidance.
6. Issuance of an Independent Auditor's Report on Compliance and Report on Internal Control over Compliance as required by the *State Compliance Audit Guide*, issued by the Office of the Utah State Auditor.

7. Issuance of additional required communications with those charged with governance, or management letter, stemming from the results of our audit services.

JONES SIMKINS

Certified Public Accountants

Firm Profile

Organization and Background

Jones Simkins LLC was organized in 1952 and is headquartered in Logan, Utah with an office in Salt Lake City, Utah. Our firm is properly licensed for public practice in the State of Utah and is one of the largest local CPA firms in Utah. We are recognized as a leader in providing quality consulting, auditing, and accounting services throughout the Intermountain region and western United States. Our firm is owned and operated by eight partners, three audit partners and five tax partners. We currently employ over sixty individuals, including more than thirty Certified Public Accountants. Our size enables us to provide specialists in several disciplines including, but not limited to: governmental and corporate auditing, internal control consulting, personal and corporate tax services, management advisory services, and computer systems consulting. We have sixteen professionals (three partners and thirteen associates) who specialize in auditing, attestation, and other assurance services. The size of our firm allows all of our audit and financial assurance services professionals to develop specialized expertise in functional areas such as governmental and nonprofit accounting and other areas.

Governmental Experience

The governmental industry represents a significant portion of our audit practice. Our firm has been auditing cities, counties, school districts, special districts, governmental nonprofit organizations, and other governmental entities for over 50 years, and has developed expertise in auditing issues unique to governmental entities. Our firm is a member of the American Institute of Certified Public Accountants Government Audit Quality Center (GAQC). Membership in the GAQC represents the highest commitment to providing quality audits for governmental entities and requires the adoption of additional quality control requirements for a firm to ensure compliance with the GAQC's standards. We also enjoy membership in the Government Finance Officers Association (GFOA).

Single Audit Experience

Our firm audits hundreds of millions of dollars in federal expenditures each year, which provides us with extensive experience in single audits. Our single audits include an audit of both the financial statements and the County's compliance with federal compliance requirements related to federal awards expended by our clients. We also assist in the preparation of the data collection form and prepare the reporting package for submission to the federal audit clearinghouse. We believe this experience qualifies us to work with our clients to ensure that all federal requirements are being met.

Logan, Utah Office Experience

The Logan, Utah office of our firm will have primary responsibility for providing audit services to Cache County, Utah (the County). The audit department of our Logan office employs two partners, an audit director, an audit manager, and seven associates. All of our audit professionals

work exclusively on audit, attestation, and other assurance services engagements allowing for more training and expertise in audit specific standards and industries. All of our audit professionals have experience performing governmental audits and single audits as governmental audit is one of our largest niche areas, and we have several team members in the Logan, Utah office with specific experience performing single audits. In addition to governmental entities, we serve a wide range of audit clients from our Logan, Utah office including nonprofit organizations, manufacturing and distribution companies, and employee benefit plans.

The tax department of our Logan, Utah office employs four partners and more than 25 associates, including several managers and senior associates. Our tax professionals provide tax, management advisory services, bookkeeping, consulting, and other related services to large and small private and nonprofit entities across many industries.

Peer Review

In addition to our membership in the GAQC and GFOA noted above, we have been members of the American Institute of Certified Public Accountants (AICPA) since 1979. Our membership in the AICPA requires that internal quality control procedures be established and followed, and provides for a peer review every three years. A copy of our firm's most recent peer review is included in Attachment B of this proposal. As the governmental industry is one of our firm's largest specialties, the quality review included several governmental engagements. Our firm's peer review experience demonstrates our commitment to providing efficient audits which meet all the requirements of professional standards.

Firm and Employee Independence, Licensure, and other Requirements

Jones Simkins LLC and its team members are independent of the County with respect to independence requirements maintained in generally accepted auditing standards (GAAS) and generally accepted governmental auditing standards (GAGAS). Our firm has served as the County's external auditor for the past five years. This relationship consisted of professional auditing services and does not affect our firm's or our team members' independence with respect to the County.

Our firm and its team members are also properly licensed in the State of Utah (firm license number 112668-2603). In addition, our team members meet continuing education requirements contained in Government Auditing Standards.

In the last three years, our firm has had two governmental audit engagements selected by the Utah State Auditor's Office for review. Neither of these reviews resulted in any findings or disciplinary action. In addition, neither our firm nor its team members have been involved in any disciplinary action during the past three years with state regulatory or professional organizations.

Serving Our Clients Through All Their Accounting Adventures!

Summary of Firm Qualifications

The cornerstone of our firm is quality people, providing quality, timely services. All professionals within the audit practice of our firm receive at least 40 hours of continuing education every year, meet the necessary continuing professional education standards required by Government Auditing Standards, and have met these requirements for each of the past three years. In addition, all of our professionals have access to up-to-date and complete technical information.

Partners, directors, and managers are our clients' main contact. Our audit process involves our directors and managers in the audit fieldwork with assistance provided by experienced professionals. In addition, our firm has historically experienced very little turnover, this means you can expect to work with the same service team each year rather than frequent changes.

Service Team Members

Jason Sleight, CPA will lead the team and serve as the engagement partner, and Andy Hernandez, CPA will serve as the concurring audit partner on the engagement. Additional members of the service team will include Amy Findlay, CPA/Audit Manager, Trevyn Jensen, CPA/Audit Senior, and one to two additional team members. All of our audit team members have previous experience performing government audits and single audits and receive regular training in these areas. Jason will serve as your primary contacts throughout the engagement.

As noted above, our service team has extensive experience in the government industry. The following is an overview of the service team. You will find resumes for Jason and Andy in Attachment C.

Jason Sleight, CPA - Audit Partner. Jason will serve as the engagement partner with responsibility for assuring audit quality and issuing the audit reports in accordance with established deadlines. Jason will review audit progress reports as provided by the engagement manager. Jason will be available for all meetings, conferences, and other required communications with management and governance. Jason has more than eighteen years in public accounting, with experience in the governmental industry, including single audits in accordance with the Uniform Guidance, throughout his entire career. Jason is located in our Logan, Utah office.

Andy Hernandez, CPA - Audit Partner. Andy will serve as the concurring engagement partner with responsibility for assuring audit quality. Andy will review audit progress reports and will also be available for all meetings, conferences and other required communications with management and governance as considered necessary. Andy has over sixteen years of experience in public accounting with experience in the governmental industry throughout his entire career. Andy has extensive knowledge and experience with governmental accounting standards and providing

technical expertise and support to governmental entities implementing these standards. Andy is located in our Logan, Utah office.

Amy Findlay, CPA – Audit Manager. Amy will serve as the engagement manager and will be responsible for performing audit field work and assisting other associates under the direction of Jason and Andy. Amy has almost ten years of experience in public accounting and has served governmental clients throughout her career. Amy works in both our Logan, Utah and Salt Lake City, Utah offices.

Experience and References

Our firm has considerable experience in providing services to government and nonprofit organizations. Our clientele represents many of the finest organizations in Utah and throughout the Intermountain region. If you contact them today, we're confident they will convince you to choose Jones Simkins LLC as your independent accountants.

See Attachment D for a listing of some of the most significant engagements performed in the last five years that are similar to your engagement. Feel free to contact any of them – or any other customer we serve that you may know – to confirm our record of performance.

Approach to the Engagement

Audit Approach to the Engagement

Our firm's auditing approach is to assist the client's accounting and management personnel in developing the tools and skills necessary to provide excellent financial information on a timely basis, and to assist the client in developing controls and procedures so that audit adjustments and office disruption are minimized. We don't believe in surprises! That is why we encourage frequent meetings and communication between our firm personnel and our clients.

Our firm maintains all of our working papers electronically. Therefore, any information we can obtain directly from the client's accounting system or that can be provided in electronic format allows us to be more efficient and reduces the amount of time spent at your office. Therefore, we have contracted with www.suralink.com which allows us to request information from our clients electronically, and allows our clients to respond to requests and upload information electronically in a secure platform. Our requests generally ask for client personnel to prepare confirmations and provide support for year-end balances. We attempt to structure our requests in such a way that allows client personnel to provide information during regular business hours.

We use analytical and other procedures in the planning stages to identify audit risk areas and likely misstatements requiring adjustment, and to determine our audit approach and the scope of procedures needed to be performed. Walkthroughs of significant transaction classes, budgets, trial balances, ratios, and other client-provided information are the major sources used in developing expectations for analytical procedures in planning and throughout the audit engagement. We also encourage the use of non-statistical and attribute sampling in our firm where possible. When used appropriately, sampling can significantly increase efficiencies while still allowing our firm to meet the requirements of generally accepted auditing standards.

Audit Timeline

We are committed to a planning process which enhances value, timeliness, and communication. When this process is followed, our firm has always been able to meet any time requirements established by our clients or external agencies. We are confident in our ability to complete audit engagements on time. In order to achieve this goal, we suggest the audit will follow this general outline:

Pre-Audit Preparation and Planning (February - March):

- Develop audit timeframe and discuss new standards that may impact the entity during the year under audit
- Provide listing of audit information requested from the entity (i.e. PBC list). The PBC list is made available through a secure website, www.suralink.com, which provides efficiency in providing and obtaining needed items
- Gain an understanding of the entity and its environment
- Determine confirmation needs
- Meet with management and the audit committee to discuss anticipated significant risks and audit approach to address these risks

Fieldwork and Financial Statement Review (April-May):

- Perform analytical procedures to identify significant audit risk areas
- Perform risk assessments, including assessment of risk over IT controls
- Review minutes, contracts, and other significant entity documents
- Determine audit procedures by area, based on results of planning and risk assessment
- Audit areas based on risk assessment
- Obtain and prepare schedules and analyses supporting the financial information, major federal programs compliance requirements, and state compliance requirements
- Discuss proposed journal entries with management
- Discuss preliminary findings, if any, with management

Final Report, Exit Conferences, and Presentations (May-July):

- Prepare the financial statements, finalize audit findings, and present the financial statements and any findings to management and the audit committee for review and approval
- Discuss audit process with management and those charged with governance, and develop improvements for subsequent years
- Attend County Council and other committee meetings and present reports and findings as needed
- Assist in preparation and submission of the data collection form to the federal audit clearinghouse

Ongoing Communication (August-December-January):

- We will be available throughout the year to provide additional guidance and assistance that does not impair our independence
- As part of our services, we also provide a letter to management that includes recommendations to assist management in improving internal controls and policies and procedures related to the financial reporting process, and we routinely offer governmental accounting training to our clients free of charge.

Report Format

The format of the County's December 31, 2024 financial statements, which were prepared by Jones Simkins LLC, will be used for future audits and no significant formatting changes from the 2024 financial statements are expected.

Professional Services

Our firm has earned the reputation as a provider of quality and timely professional services at very reasonable rates. We are able to provide competitive rates because of our audit process outlined above and the fact that we have experienced very low turnover the last several years allowing our firm to provide our clients consistent and experienced audit teams. As noted above, we also encourage direct communication with audit partners which minimizes retraining people not familiar with specific engagement issues, and eliminates the need to “run the question” through multiple layers of the engagement team. This reduces costs and significantly increases the quality and timeliness of the needed responses.

Our expected number of hours by staff level for the next five years would be approximately as follows:

	<u>2025 – 2029</u>
Partner	30 – 40
Manager	70 – 80
Senior	160 – 170
Staff	<u>100 – 120</u>
Total Hours	360 – 410

As mentioned above, we expect to be able to obtain certain efficiencies through continuity of our audit team as we have experienced very low levels of turnover the last several years. This should result in total hours being on the lower end of this estimate.

See Attachment A for our proposed fee and our standard and quoted hourly rates.

Summary

Our partners and our team members live and work here in our community. Jones Simkins LLC personnel diligently strive to be beneficial members of our community. As such, we sponsor an accounting scholarship for Utah State University’s School of Accountancy and we currently employ more than ten interns from the School of Accountancy. We enjoy and support local companies and organizations, and several members of our firm sit on a variety of local non-profit boards and service organizations providing them with valuable leadership and learning opportunities.

We have an extensive background in performing audits of governmental entities and their unique accounting requirements. Because of our experience, we understand the complexity associated with the related compliance requirements and believe we can provide you with the necessary services you require and exceed your expectations. We are excited about the opportunity to continue working with Cache County, Utah!

Attachment B – Peer Review Report

Report on the Firm's System of Quality Control

June 9, 2025

To the Members of Jones Simkins, LLC and
the Peer Review Committee of the Nevada Society of Certified Public Accountants

We have reviewed the system of quality control for the accounting and auditing practice of Jones Simkins, LLC in effect for the year ended December 31, 2024. Our peer review was conducted in accordance with the Standards for Performing and Reporting on Peer Reviews established by the Peer Review Board of the American Institute of Certified Public Accountants (Standards).

A summary of the nature, objectives, scope, limitations of, and the procedures performed in a system review as described in the Standards may be found at www.aicpa.org/prsummary. The summary also includes an explanation of how engagements identified as not performed or reported on in conformity with applicable professional standards, if any, are evaluated by a peer reviewer to determine a peer review rating.

Firm's Responsibility

The firm is responsible for designing and complying with a system of quality control to provide the firm with reasonable assurance of performing and reporting in conformity with the requirements of applicable professional standards in all material respects. The firm is also responsible for evaluating actions to promptly remediate engagements deemed as not performed or reported on in conformity with the requirements of applicable professional standards, when appropriate, and for remediating weaknesses in its system of quality control, if any.

Peer Reviewer's Responsibility

Our responsibility is to express an opinion on the design of and compliance with the firm's system of quality control based on our review.

Required Selections and Considerations

Engagements selected for review included engagements performed under *Government Auditing Standards*, including a compliance audit under the Single Audit Act, and audits of employee benefit plans.

As a part of our peer review, we considered reviews by regulatory entities as communicated by the firm, if applicable, in determining the nature and extent of our procedures.

Opinion

In our opinion, the system of quality control for the accounting and auditing practice of Jones Simkins, LLC in effect for the year ended December 31, 2024, has been suitably designed and complied with to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Firms can receive a rating of *pass*, *pass with deficiency(ies)*, or *fail*. Jones Simkins, LLC has received a peer review rating of *pass*.

To: The Cache County Council

From: The Appropriations Committee

Date December 2, 2025

RE: Emphasis of a matter: the statutory deadline for spending ARPA funds by 12/31/26

Background: ARPA funds must be spent (meaning disbursed) no later than 12/31/26.

Issue: All contracts were in place by 12/31/24 but some projects show little or no activity since that time. The Appropriations Committee expresses concern about the lack of activity this late in the award period.

Therefore, a recommendation from the Appropriations Committee made on November 24, 2025, to the Council is to have Finance staff contact recipients that have been awarded ARPA funds and emphasize that the ARPA awards need to show **significant progress** in spending funds by **March 31, 2026**, i.e., show a high likelihood that the funds will be completely disbursed by the deadline. In the alternative, funds may be pulled from the current recipient to give the Council time to reclassify the money to another project that has shown more activity.

Statutory Authority: Under the language of the American Rescue Plan Act, local legislative bodies can, at their discretion, reclassify (read: re-award) funds from one project to another.

Unspent funds can be transferred from one eligible project to another that was obligated by December 31, 2024, and that has contract language allowing change orders or contingencies.

- The destination contract must have enabling language allowing change orders or contingencies.
- Moving awards to another project will take time. The process will require a budget amendment, approved by the Council.
- The project that the ARPA funds are moved to has to have time to spend the money. Therefore, projects receiving additional funds need to be made aware of this change by early summer 2026.

During the Nov 24, 2025 Appropriations Committee the following points were discussed:

1. No deadline to use LATCF (Local Assistance and Tribal Consistency Fund)

The following is from the US Treasury website, LATCF Self-Service Resources:

“8.4. How long do we have to spend the grant?

All funds are available to recipients until expended or returned to Treasury. Recipients are required to continue submitting the annual compliance report until all funds are expended.”

2. Assessments in the Public Defender's office

Explanation of what an assessment is: A mental health evaluation performed by a licensed psychologist. They perform the evaluation and draft a report. Required in DCFS cases. The assessment can evaluate general mental health, related to drugs or other mental health issues.

Projects, with current balance, that have shown little or no activity as of this date include:

- Bear River Associations of Governments - \$72,374.00
- Bear River Health Department - \$135,000.00
- Bear River Mental Health - \$160,000.00
- Cache Refugee and Immigrant Connection - \$20,531.88
- Public Defender Resources - Assessments, \$20,000.00

Ordinance No. 2025-28
Cache County, Utah
SBA UT24138-B Paradise Rezone

An ordinance amending the County Zoning Map by applying the
Public Infrastructure (PI) Overlay to a portion of a 16.00-acre parcel.

Whereas, the “County Land Use Development and Management Act,” Utah Code Ann. §17-27a-101 et seq., as amended (the “Act”), provides that each county may enact a land use ordinance and a zoning map establishing regulations for land use and development; and

Whereas, pursuant to the Act, the County’s Planning Commission (the “Planning Commission”) shall prepare and recommend to the county’s legislative body, following a public hearing, a proposed land use ordinance and a zoning map, or amendments thereto, that represent the Planning Commission’s recommendations for zoning the area within the county; and

Whereas, the Planning Commission caused notice of a public hearing for the rezone to be posted at least ten (10) days before the date of the public hearing; and

Whereas, on November 6th, 2025 the Planning Commission held a public hearing, accepted all comments, and recommended the approval of the proposed rezone (6-0) to the County council for final action; and

Whereas, the Act also provides certain procedures for the county legislative body to adopt or reject amendments to the land use ordinance and zoning map for the county; and

Whereas, on December 9th, 2025, the County Council held a public hearing, to consider any comments regarding the proposed rezone. The County Council accepted all comments; and

Whereas, the Cache County Council has determined that it is both necessary and appropriate for the County to approve this ordinance.

Now, therefore, the County Legislative Body of Cache County ordains as follows:

1. Statutory Authority

The statutory authority for enacting this ordinance is Utah Code Annotated Sections 17-27a Part 1 and Part 3, and 17-53 part 2(1953, as amended to date).

2. Adoption of amended Zoning Map

The County Council hereby amends the County’s Zoning Map to reflect the rezone of the property affected by this ordinance and hereby adopts the amended Zoning Map with the amendment identified as Exhibit B, of which a detailed digital or paper copy is available in the Development Services Department.

3. Conclusions

A. The subject property is reasonably consistent with the purpose of the Public Infrastructure (PI) Overlay:

- i.** “To provide for the siting and operation of public infrastructure in an environmentally sound and economically competitive manner.”
- ii.** “To inform current and potential residents of the county of the possible location of future public infrastructure locations.”
- iii.** “To ensure that any public infrastructure be designed, constructed, and operated in a safe and efficient manner, and in compliance with all federal, state, and local laws and regulations for the protection of the general health, welfare, and safety of the citizens of the county.”

4. Prior ordinances, resolutions, policies, and actions superseded

This ordinance amends and supersedes the Zoning Map of Cache County, and all prior ordinances, resolutions, policies, and actions of the Cache County Council to the extent that the provisions of such prior ordinances, resolutions, policies, or actions are in conflict with this ordinance. In all other respects, such prior ordinances, resolutions, policies, and actions shall remain in full force and effect.

Findings of Fact

A. Request description

1. Background:

- a. This item was originally heard before the Planning Commission and was recommended for approval on September 4th, 2025. It was then heard before the County Council and gained approval on September 23rd, 2025. However, because a bearing was incorrect in the legal description, the County Council felt it would be beneficial for the Planning Commission to hear the item again to allow for an informed recommendation.

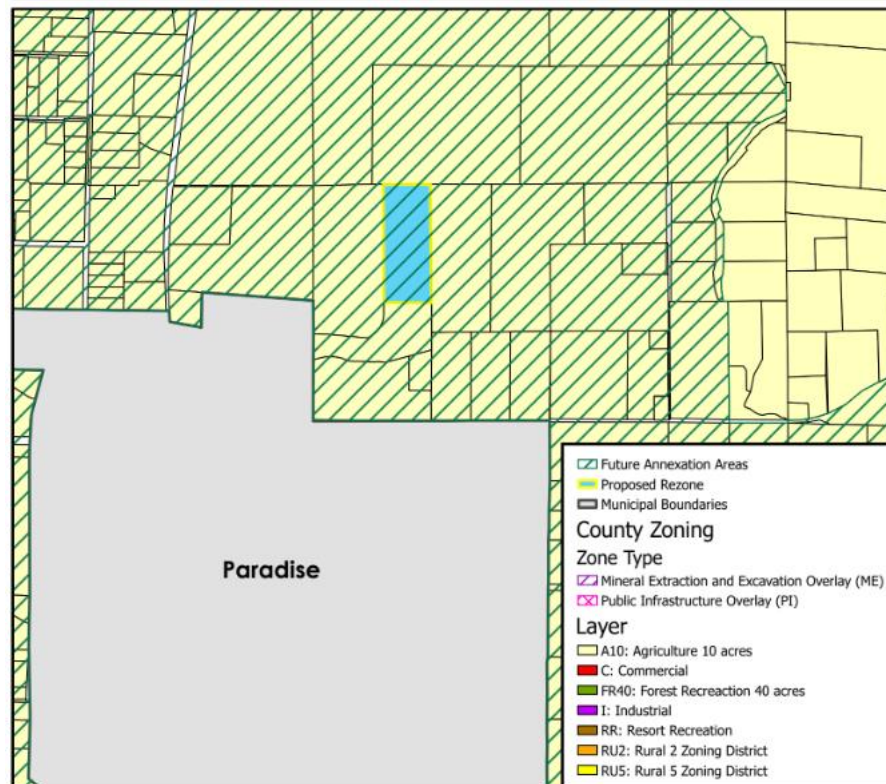

2. A request to approve the addition of the Public Infrastructure (PI) Overlay to a portion (2,500 square feet) of a 16.00-acre parcel in the Agricultural (A10) Zone.
3. This rezone may allow the parcel to establish uses permitted in the Public Infrastructure (PI) Overlay. A rezone request is general in nature and is not tied to any proposed use. Any impacts related to permitted and conditional uses allowed within the Public Infrastructure (PI) Overlay will be addressed as part of each respective approval process required prior to site development activities.
4. Staff has identified general information as pertains to the subject property to assist the Planning Commission and County Council in arriving at a decision. This information is reflected in the attached map (Attachment A) and in the following text.
 - a. Land Use Context:
 - i. Parcel status: The property matches the configuration it had on August 8th, 2006 and is legal.
 - ii. Schedule of Zoning Uses: The Public Infrastructure (PI) Overlay allows for a variety of uses with the approval of a zoning clearance and/or conditional use permit. These uses include:
 1. Utility Facility, Transmission
 2. Utility Facility, Distribution
 3. Utility Facility, Service
 4. Telecommunication Facility, Major
 5. Telecommunication Facility, Minor
 6. Public Airport
 7. Solid Waste Facilities

iii. Average Lot Size:

Average Parcel Size	
Adjacent Parcels	With a Home: 12 Acres (1 Parcel)
	Without a Home: 36.4 Acres (5 Parcels)
1/4 Mile Buffer	With a Home: 7.2 Acres (2 Parcels)
	Without a Home: 32 Acres (13 Parcels)
	Without a Home in Paradise Town: 38.8 Acres (1 Parcel)
1/2 Mile Buffer	With a Home: 6.1 Acres (11 Parcels)
	With a Home in Paradise Town: 1.8 Acres (32 Parcels)
	Without a Home: 26.1 Acres (24 Parcels)
	Without a Home in Paradise Town: 6.1 Acres (17 Parcels)

- iv. **Adjacent Uses:** Adjacent Uses: The parcels to the north and east are primarily agricultural while the parcels to the south and west are a mix of agricultural and residential. Paradise City limits are located to the south and west of the subject property.
- v. The nearest parcel, in the county, with the Public Infrastructure (PI) Overlay, is located five miles to the south of the subject parcel.
 - 1. The Ruby Pipeline rezone was a request to add the Public Infrastructure to a multitude of parcels and was approved on 21 September 2009 as Ordinance 2009-06.
- vi. **Annexation Areas:** The subject property is located in the Paradise City annexation area.

B. Ordinance—§12.02.010, §17.02.060; §17.08.030 [E]

5. As per §17.02.060, Establishment of Land Use Authority, the County Council is authorized to act as the Land Use Authority for this application.
6. The current County Land Use Ordinance does not specify appropriate locations for the Public Infrastructure (PI) Overlay but does contain general guidelines for its implementation. County Land Use Ordinance §17.08.030 [E] identifies the purpose of the Public Infrastructure (PI) Overlay and includes the following:
 - a. “To provide for the siting and operation of public infrastructure in an environmentally sound and economically competitive manner.”
 - b. “To inform current and potential residents of the county of the possible location of future public infrastructure locations.”
 - c. “To ensure that any public infrastructure be designed, constructed, and operated in a safe and efficient manner, and in compliance with all federal, state, and local laws and regulations for the protection of the general health, welfare, and safety of the citizens of the county.”
7. Chapter 4: Future Land Use Plan of the Cache County General Plan states:
 - a. The use of land is one of the most important and fundamental values for landowners, residents, civic leaders, and elected officials. This determines, in large measure, the future of Cache County. The Future Land Use Map represents the County’s collective vision of our desired future. It conveys the patterns and priorities of economic development and community character, the locations of neighborhoods and industries, and the preservation of natural, agricultural, and rural landscapes.
 - b. The Future Land Use Plan is advisory and does not change the existing zoning of any property or the ability of landowners to continue existing legal uses consistent with the existing zoning or nonconforming uses. It serves as a starting point for conversations about regional initiatives and development proposals by illustrating how sometimes separate and uncoordinated activities can help or harm our desired future. The timing of future development will depend on a number of factors including choices made by individual landowners, aspirations of the community, and future availability of facilities and services.
8. The future land use map (Attachment C) adopted as part of the Cache County General Plan identifies the area where the subject property is located as “Agriculture and Ranching.” *Cache County General Plan, Chapter 4, Page 26*. This section states:
 - a. Location: Private agriculture landscapes in the Cache Valley outside of municipalities.
 - b. Example Areas: Most of the valley.
 - c. Purpose and Character: Agricultural and rangeland uses on private lands under conservation easements (no public access) are expected to continue in the Valley. Separation from dense residential developments is advantageous. The agricultural landscape provides separation between adjacent municipalities and protects suitable soils.
 - d. Preferred Land Uses: Agriculture, ranching, rural residential uses at densities of less than one unit per 10 acres, Conservation Easements (CEs) and conserved public lands, Agritourism.
 - e. Secondary Land Uses: Industrial and Commercial uses directly supportive of agriculture (Processing, Packaging, Distribution), clustered subdivision developments, outdoor recreation, farm worker housing.

- f. Discouraged Uses: Residential developments at densities of greater than one unit per 10 acres if not in a clustered subdivision development, commercial office, commercial retail, flex office/industrial, heavy industrial.

C. Access—16.04.040 [A], 16.04.080 [E], Road Manual

- 9. §12.02.010 adopts the Manual of Roadway Design and Construction Standards (Road Manual) for roadway improvement requirements.
- 10. §16.02.010 Standards and Lot Size – All subdivisions must meet the minimum lot and development standards as outlined in each base zone of the Cache County Zoning Ordinance and within this title.
- 11. §17.07.040 General Definitions – Lot/Parcel Frontage: that portion of a development site that abuts a public or private roadway. For the purposes of determining setback requirements on corner lots, all sides of a lot adjacent to a roadway shall be considered frontage
- 12. §16.04.040 [A] Roads – All roads must be designed and constructed in accordance with Title 12 of the County Code.
- 13. §12.02.010 Roadway Standards – Requirements for roadway improvement are provided in the current Manual of Roadway Design and Construction Standards (Road Manual).
- 14. The Road Manual specifies the following:
 - a. Minor Local (L): Minor local roads serve almost exclusively to provide access to properties adjacent to the road. Minor local roads generally serve residential or other non-commercial land uses. Many minor local roads are cul-de-sacs or loop roads with no through continuity. The length of minor local roads is typically short. Because the sole function of local roads is to provide local access, such roads are used predominantly by drivers who are familiar with them.
- 15. A basic review of the access to the subject property identifies the following:
 - a. The property has access to 8200 South.
- 16. 8200 South:
 - a. North of the subject parcel, 8200 South is a County road and is classified as a Minor Local.
 - b. Provides access to residential and agricultural properties.
 - c. Is maintained by the County only in the summer.
 - d. Is 20-feet wide and is a gravel road.

D. Service Provisions:

- 17. §16.04.080 [C] Fire Control – The County Fire District did not have any comments or concerns regarding this rezone. Any future development on the property must be reevaluated and may require improvements based on the location of the proposed access and development.
- 18. §16.04.080 [F] Solid Waste Disposal – Applicant must work with Waste Management for solid waste disposal.

E. Public Notice and Comment—§17.02.040 Notice of Meetings

- 19. Public notice was posted online to the Utah Public Notice Website on 24 October 2025.
- 20. Notices were posted in three public places on 24 October 2025.
- 21. Notices were mailed to all property owners within 300 feet on 24 October 2025.
- 22. The meeting agenda was posted to the County website on 24 October 2025.
- 23. At this time, one written public comment regarding this proposal has been received by the Development Services Office.
 - a. Paradise City provided a public comment on August 27th, 2025. They stated their interest in working with Cache County to help ensure that the negative impacts to surrounding property owners were mitigated and that the aesthetic qualities of Paradise Town were preserved. They also expressed concern with spot zoning as they believe it only benefits one property owner.

Planning Commission Conclusion

Based on the findings of fact noted herein, the SBA UT24138-B rezone is hereby recommended for approval to the County Council as follows:

1. The subject property is reasonably consistent with the purpose of the Public Infrastructure (PI) Overlay:
 - a. “To provide for the siting and operation of public infrastructure in an environmentally sound and economically competitive manner.”
 - b. “To inform current and potential residents of the county of the possible location of future public infrastructure locations.”
 - c. “To ensure that any public infrastructure be designed, constructed, and operated in a safe and efficient manner, and in compliance with all federal, state, and local laws and regulations for the protection of the general health, welfare, and safety of the citizens of the county.”

Dear Cache County Planning Commission and Staff Members,

Thank you for your efforts in keeping us informed of land-use applications that may affect Paradise Town.

Chapter 16 of Paradise Town Zoning Ordinances addresses Wireless Telecommunications Facilities. Paradise Town requires a stealth monopole with a maximum height of 40' situated on Public Property. Antennas mounted on existing buildings are preferred over new monopoles because they are more easily hidden or less conspicuous.

The purpose of Chapter 16 is to protect Paradise Town's aesthetic resources and community character and to assure compatibility with Paradise Town Master Plan. The location and design of telecommunication facilities have the potential to have long-term negative effects on surrounding properties. The intent of the regulations is to reduce those effects by locating wireless telecommunication facilities where they are least visible from public streets and public areas, and to the best extent possible, provide screening from adjacent property owners.

The proposed site is within Paradise Town's annexation plan and is within 800 feet of current corporate limits. Paradise Towns Master Plan and Zoning Ordinances project growth in that area will be residential or agricultural, not commercial. Paradise Towns General Plan encourages joint cooperation with Cache County to ensure that proper impact review and analysis are performed before approval.

Paradise Town has concerns about selective or "spot" zoning as it deviates from Paradise's General Plan and specifically benefits an individual property owner.

Thank you for your consideration,

Paradise Town Council

Cache Open Space Advisory Committee (COSAC)-Open Space Funding Application
Section D: Additional Information

1. Please describe past, present, and future uses of the property.

This property encompasses an established, multi-generational family farming enterprise, currently operated by the fourth generation. The operation features diversified crop production, including alfalfa, wheat, barley, and corn during the summer months, and cattle management throughout fall and winter. Onsite infrastructure supports the farm's operations, with reliable irrigation sourced both from a well system and gravity-fed supply from High Creek. The owners hold valid water rights and possess shares in the local irrigation company. This 334-acre farm is located at the eastern-most part of the Newton, Clarkston, Richmond and Smithfield quadrant located just north of Richmond and rounds out an incredible view shed as it sits along Hwy. 91 just north of Richmond. Farming predominates in this 100 square mile area with many generational farming operations continuing their agricultural operations. Cache County is one of the most productive agricultural counties in the state of Utah. The Christensen family is intent on continuing their agricultural operations into the future. Vivian Christensen, a widow, has eight adult children, 37 grandchildren and three great-grandchildren. Three of the adult children run the farming operation with the others pitching in at various times during the year. The grandchildren are also involved in farming on the Christensen property. The business operates a diversified model, producing crops during the summer and managing cattle in winter. The location of the Christensen farm is in area designated by Cache County as "Agriculture and Ranching" as part of the Cache County General Plan (2023) Future Land Use Plan. In addition, the property is located in an unconsolidated basin-fill aquifer (US Geological Society) and along High Creek, a gravity-fed creek which is tributary of the Cub River (part of the Bear River). This property is also in an aquifer recharge zone and the ground water classification is Class I – Pristine. Primary soil type is Battle Creek Silty Clay Loam which makes up 36% of the acreage. This soil is classified as prime farmland if irrigated according to the USDA. The next largest concentration of soil is Steed Gravelly Loam which covers 26% of the acreage and is classified as farmland of statewide importance by USDA. Battle Creek soils are deep, well drained, and formed from lacustrine deposits with gentle slopes. Steed soil is similarly deep and well-drained, found on flood plains and terraces,

2. Are you aware of any toxic or hazardous materials on the property?

None.

3. Is the property subject to any DEQ or EPA restrictions?

None.

4. What benefits will the public receive as a result of the proposed transaction?

Protects scenic vistas— These 14 parcels of cropland and cattle pastureland making up 334 acres are located on along heavily traveled Highway 91 between Richmond and Cove, Utah. The scenic views and open lands, visible from multiple public roadways contribute to local quality of life and serves as the northern scenic gateway along US-91, a major arterial that crosses the Utah-Idaho border. Not only does the local community benefit from this open space, but visitors to northern Utah enjoy the scenic beauty as well.

Preserves open lands near valley gateways— Open space preservation at the northern gateway into Cache Valley provides enormous public benefit and this property is situated along the north-south corridor near the Utah-Idaho border. Public benefits from this visual scene are intangible but striking and are universally supported by local residents and visitors alike. The size of this property provides that expansive open space feature that adds to its public value.

Adds trails and trail connectivity— Parcels within this property border Richmond City recreational facilities and are near Casper's Ice Cream and Casper's Creamery. Whether trails would exist adjacent to the property or on the property boundary at this location could be a discussion point for this application.

Maintains agriculture—Cache Valley has a strong and vibrant agricultural economy. The Christensen farm is an established part of the local agricultural economy and this family has been a mainstay of the local community. The Christensen farm is involved in diversified crop production, including alfalfa, wheat, barley, and corn during the summer months and livestock management throughout fall and winter. Onsite infrastructure supports the farm's operations, with reliable irrigation sourced both from a well system and gravity-fed supplies from High Creek.

Maintains wildlife habitat—Wildlife abounds in this area including Elk, mule deer, pheasant, sharp tail grouse, Hungarian partridge, coyotes, badgers, black-tailed jack rabbits, mourning doves and hawks. The wildlife in this area benefit from the natural conditions of this land including remnants of harvested crops such as wheat plots, and remains of cut barley, corn and alfalfa. Maintaining the easement will benefit these species by limiting intensive development in this area and preserving the natural habitat.

Agenda request submitted by: Angie Zetterquist, Interim Director of Development Services

Assisting Department: Cache Open Space Advisory Committee (COSAC)

Requested Council meeting date: December 9, 2025

Agenda Item Language: Resolution 2025-48 – A Resolution Approving the Vivian Christensen LLC Round One Open Space Application

Action: Cache Open Space Advisory Committee – Recommendation of Approval (5-yea, 0-nay)

Background: The Cache Open Space Advisory Committee has reviewed the Vivian Christensen LLC Open Space Application, scored it according to the approved scoring criteria, and recommended the County Council approve the Round One application to move to the second round application phase. The recommendation for approval was approved by the Committee during their regularly scheduled meeting on December 1, 2025. The application covers approximately ~334 acres north of Richmond.

Fiscal Impact: Any funds awarded will come from the 2022 voter-approved General Obligation Bond to protect scenic vistas, preserve open lands near valley gateways, add trails and trail connectivity, and maintain agriculture, waterways, and wildlife habitat within Cache County.

County Staff Point of Contact: Angie Zetterquist, Interim Director of Development Services

Presentation Time: 5-10 minutes by Chris Sands, Chair of the Cache Open Space Advisory Committee

Section D: Additional Information

1. Please describe past, present, and future uses of the property.

This property encompasses an established, multi-generational family farming enterprise, currently operated by the fourth generation. The operation features diversified crop production, including alfalfa, wheat, barley, and corn during the summer months, and cattle management throughout fall and winter. Onsite infrastructure supports the farm's operations, with reliable irrigation sourced both from a well system and gravity-fed supply from High Creek. The owners hold valid water rights and possess shares in the local irrigation company. This 334-acre farm is located at the eastern-most part of the Newton, Clarkston, Richmond and Smithfield quadrant located just north of Richmond and rounds out an incredible view shed as it sits along Hwy. 91 just north of Richmond. Farming predominates in this 100 square mile area with many generational farming operations continuing their agricultural operations. Cache County is one of the most productive agricultural counties in the state of Utah. The Christensen family is intent on continuing their agricultural operations into the future. Vivian Christensen, a widow, has eight adult children, 37 grandchildren and three great-grandchildren. Three of the adult children run the farming operation with the others pitching in at various times during the year. The grandchildren are also involved in farming on the Christensen property. The business operates a diversified model, producing crops during the summer and managing cattle in winter. The location of the Christensen farm is in area designated by Cache County as "Agriculture and Ranching" as part of the Cache County General Plan (2023) Future Land Use Plan. In addition, the property is located in an unconsolidated basin-fill aquifer (US Geological Society) and along High Creek, a gravity-fed creek which is tributary of the Cub River (part of the Bear River). This property is also in an aquifer recharge zone and the ground water classification is Class I – Pristine. Primary soil type is Battle Creek Silty Clay Loam which makes up 36% of the acreage. This soil is classified as prime farmland if irrigated according to the USDA. The next largest concentration of soil is Steed Gravelly Loam which covers 26% of the acreage and is classified as farmland of statewide importance by USDA. Battle Creek soils are deep, well drained, and formed from lacustrine deposits with gentle slopes. Steed soil is similarly deep and well-drained, found on flood plains and terraces,

2. Are you aware of any toxic or hazardous materials on the property?

None.

3. Is the property subject to any DEQ or EPA restrictions?

None.

4. What benefits will the public receive as a result of the proposed transaction?

Protects scenic vistas— These 14 parcels of cropland and cattle pastureland making up 334 acres are located on along heavily traveled Highway 91 between Richmond and Cove, Utah. The scenic views and open lands, visible from multiple public roadways contribute to local quality of life and serves as the northern scenic gateway along US-91, a major arterial that crosses the Utah-Idaho border. Not only does the local community benefit from this open space, but visitors to northern Utah enjoy the scenic beauty as well.

Preserves open lands near valley gateways— Open space preservation at the northern gateway into Cache Valley provides enormous public benefit and this property is situated along the north-south corridor near the Utah-Idaho border. Public benefits from this visual scene are intangible but striking and are universally supported by local residents and visitors alike. The size of this property provides that expansive open space feature that adds to its public value.

Adds trails and trail connectivity— Parcels within this property border Richmond City recreational facilities and are near Casper's Ice Cream and Casper's Creamery. Whether trails would exist adjacent to the property or on the property boundary at this location could be a discussion point for this application.

Maintains agriculture—Cache Valley has a strong and vibrant agricultural economy. The Christensen farm is an established part of the local agricultural economy and this family has been a mainstay of the local community. The Christensen farm is involved in diversified crop production, including alfalfa, wheat, barley, and corn during the summer months and livestock management throughout fall and winter. Onsite infrastructure supports the farm's operations, with reliable irrigation sourced both from a well system and gravity-fed supplies from High Creek.

Maintains wildlife habitat—Wildlife abounds in this area including Elk, mule deer, pheasant, sharp tail grouse, Hungarian partridge, coyotes, badgers, black-tailed jack rabbits, mourning doves and hawks. The wildlife in this area benefit from the natural conditions of this land including remnants of harvested crops such as wheat plots, and remains of cut barley, corn and alfalfa. Maintaining the easement will benefit these species by limiting intensive development in this area and preserving the natural habitat.

Section 5 - Records Management and Data Privacy

5-100: Data Privacy Policy and Program

1. Purpose

- a. This policy serves to document Cache County's privacy program, which includes Cache County's policies, practices, and procedures for the processing of personal data in accordance with Utah Code § 63A-19-401(2)(a), and which aligns with the records management and data governance requirements provided in both GRAMA and DARS. Where applicable, this policy will refer to a more specific or detailed policy, procedure, or guidance that addresses a particular practice that Cache County has developed.

2. Guiding Principles

- a. This policy consolidates privacy practices, outlines governance roles and responsibilities, and ensures compliance with generally applicable records management, data protection, and data privacy obligations. It is designed to safeguard individual privacy rights, promote transparency, maintain the integrity and security of personal data, and ensure accountability across county administration. This policy is meant to guide further alignment of Cache County with the State Data Privacy Policy as detailed in Utah Code § 63A-19-102.

3. Scope

- a. This policy applies to all County employees involved in the management, creation, and maintenance of records or who have access to personal data as part of their job duties. This policy also applies to all contractors of the County that process or have access to personal data as a part of the contractor's duties under an agreement with the County pursuant to Utah Code § 63A-19-401(4).
- b. Processing activities implemented on or after May 1, 2024, must be compliant with this policy prior to implementation. Each department must develop a strategy to inventory and bring pre-existing activities into compliance with this policy by January 1, 2027.[1]

4. Definitions:

- a. "Classification," "classify," and their derivative forms mean determining whether a record series, record, or information within a record is public, private, controlled, protected, or exempt from disclosure under Subsection § 63G-2-201(3)(b).[2]

- b. "Cookie" means "Technology that records a user's information and activity when the user accesses websites. Cookies are used by website owners, third parties, and sometimes threat actors to gather user data." [3]
- c. "Data breach" means— the unauthorized access, acquisition, disclosure, loss of access, or destruction of personal data held by a governmental entity, unless the governmental entity concludes, according to standards established by the Cyber Center, that there is a low probability that personal data has been compromised." [4]
- d. "Designation," "designate," and their derivative forms mean indicating, based on a governmental entity's familiarity with a record series or based on a governmental entity's review of a reasonable sample of a record series, the primary classification that a majority of records in a record series would be given if classified and the classification that other records typically present in the record series would be given if classified. [5]
- e. "Device fingerprinting" means collecting attributes of a user's device configurations to create a trackable profile for the device.
- f. "Individual" means a human being. [6]
- g. "Key logger" means "a program designed to record which keys are pressed on a computer keyboard..." [7]
- h. "Personal data" means information that is linked or can be reasonably linked to an identified individual or an identifiable individual. [8]
- i. "Processing activity" means any operation or set of operations performed on personal data, including collection, recording, organization, structuring, storage, adaptation, alteration, access, retrieval, consultation, use, disclosure by transmission, transfer, dissemination, alignment, combination, restriction, erasure, or destruction. [9]
- j. "Record" means the same as that term is defined at Utah Code § 63G-2-103(25). [10]
- k. "Record series" means a group of records that may be treated as a unit for purposes of designation, description, management, or disposition. [11]
- l. "Records officer" means the individual appointed by the chief administrative officer of each governmental entity, or the political subdivision to work with state archives in the care, maintenance, scheduling, designation, classification, disposal, and preservation of records. [12]
- m. "Schedule," "scheduling," and their derivative forms mean the process of specifying the length of time each record series should be retained by a governmental entity for administrative, legal, fiscal, or historical purposes and when each record series should be transferred to the state archives or destroyed. [13]

5. Governance

5.1. Chief Administrative Officer (CAO)

- a. The Cache County Council has designated the County Clerk as the chief administrative officer (CAO) of Cache County under County Ordinance 2.20.040(D). The CAO is tasked with fulfilling the duties outlined in Utah Code § 63A-12-103.
- b. The County Council may assign responsibility for the duties outlined in Utah Code § 63A-12-103 to one, or among several, CAOs as the County Council sees fit.
- c. The designation of the CAO(s) shall be reported to the Utah Division of Archives and Records Services (Archives) within 30 days of the designation.
- d. If responsibility for the duties outlined in Utah Code § 63A-12-103 are divided between more than one CAO, such specification should be reported to Archives along with the designation.
- e. The designation of, and responsibilities assigned to, a CAO shall be reviewed and confirmed by the County Council on an annual basis.

5.2. Appointed Records Officers (AROs)

- a. Designated CAO(s) shall appoint one or more individuals to serve as records officers in fulfilling the duties of working with Archives and the Office of Data Privacy in the care, maintenance, scheduling, disposal, classification, designation, access, privacy, and preservation of records.[14]
- b. A designated CAO may assign responsibility for the duties of appointed records officers to one, or among several, officers as the CAO deems appropriate.
- c. The appointment of records officers shall be reported to Archives within 30 days of the appointment.
- d. If responsibility for the duties of appointed records officers are divided between more than one officer, such specification should be reported to Archives along with the appointment.
- e. The appointment of, and responsibilities assigned to, a records officer shall be reviewed and confirmed by the CAO on an annual basis.

6. Records Series

6.1. Records and Records Series

- a. Each department shall create and maintain records and records series in accordance with the requirements provided in DARS and GRAMA in addition to correlated guidance issued by Archives.
- b. Each department shall appropriately designate and classify records and records series in accordance with the requirements provided in DARS and GRAMA.
- c. CAO(s) shall be responsible for submitting a proposed retention schedule for each type of material defined as a record under GRAMA to the state archivist for review and final approval by the Records Management Committee (RMC).

- d. Upon approval by the RMC, Cache County shall maintain and dispose of records in strict accordance with the approved retention schedule. In instances where the county has not received an approved retention schedule for a specific type of record, the general retention schedule maintained by the state archivist shall govern the retention and disposition of those records.

6.2. Record Series Privacy Annotation

- a. Each department shall perform a privacy annotation for each record series that contains personal data pursuant to Utah Code § 63A-12-115.
- b. Privacy annotations shall include:
- c. the legal authority under which personal data is processed;
- d. the purposes and uses for the personal data; and
- e. the types of personal data that may be processed within the record series.
- f. Privacy annotations shall be conducted and reported in accordance with additional requirements provided by Archives via administrative rule.

7. Awareness & Training

7.1. Departmental Data Privacy Training

- a. The CAO of Cache County, in conjunction with the Office of Personnel Management, shall ensure that all employees that have access to personal data as part of the employee's work duties complete a data privacy training program within 30 days after beginning employment and at least once in each calendar year.
- b. The CAO of Cache County is responsible for monitoring completion of data privacy training by the County employees.

7.2. Agency-Specific Training

- a. In addition to the general privacy awareness training, departments may create and require employees to complete department-specific privacy training tailored to the unique privacy needs, practices, and requirements of the department.

7.3. Appointed Records Officer Training and Certification

- a. The CAO of Cache County shall ensure that, on an annual basis, all appointed records officers successfully complete online training on the provisions of GRAMA and obtain certification from Archives in accordance with Utah Code § 63A-12-110.
- b. The CAO of Cache County shall, on an annual basis, review and confirm the certification status of all appointed records officers.

- c. GRAMA Access AROs: AROs who handle GRAMA transparency responsibilities are required to complete the GRAMA transparency training and obtain certification from Archives in accordance with Utah Code § 63A-12-110.
- d. Records Management and Privacy AROs: AROs specializing in records management or privacy are required to complete both records management and GRAMA transparency training, as well as obtain the corresponding certifications.

8. Identify

8.1. Inventorying

- a. The CAO of Cache County shall maintain a comprehensive inventory of:
- b. All IT systems that may process state or federal data which the state owns or is responsible for, using the standard process that DTS provides.[15]
- c. All records and record series that contain personal data and the types of personal data included in the records and record series.[16]
- d. All processing activities, the inventory of which shall include:
- e. Non-compliant processing activities—pursuant to the GDPR—that were implemented prior to May 1, 2024, and a prepared strategy for bringing the non-compliant processing activity into compliance by no later than January 1, 2027;[17] and
- f. All processing activities implemented after May 1, 2024, with documentation confirming compliance status.

8.2. Information Technology Privacy Impact Assessment

- a. The CAO of Cache County shall ensure that the division completes a Privacy Impact Assessment (PIA) for all IT systems that may process personal data prior to the initiation of data processing in the IT system as required under DTS Information Security Policy 5000-0002.
- b. The responsible CAO shall use the PIA template that is created and maintained by the Chief Privacy Officer and which is approved by the Chief Information Officer pursuant to DTS Information Security Policy 5000-0002.
- c. CAOs must maintain a copy of each completed assessment for a period of four years to provide audit documentation and ensure accountability in privacy practices.

9. Transparency

9.1. Website Privacy Policy

- a. The IT Director shall create and maintain privacy policies on county websites as outlined in Utah Code § 63D-2-103 and Utah Admin. Code R895-8 and report it to the County CAO.

- b. The IT Director shall ensure that personal data related to a user on all county websites are not collected unless the websites comply with Utah Code § 63D-2-103(2).
- c. The IT Director of Cache County shall ensure and report to the County CAO that all websites of the county contain a privacy policy statement that discloses:
- d. The identity of the governmental website operator;
- e. How the governmental website operator may be contacted;
- f. The personal data collected by the governmental entity;
- g. The practices related to disclosure of personal data collected by the governmental entity and/or the governmental website operator; and
- h. The procedures, if any, by which a user of a governmental entity may request:
 - i. Access to the user's personal data; and
 - j. Access to correct the user's personal data.
- k. A general description of the security measures in place to protect a user's personal data from unintended disclosure.

9.2. Privacy Notice

- a. Employees shall only collect personal data from individuals if, on the day the personal data is collected, the County has provided a privacy notice to an individual asked to furnish personal data that complies with Utah Code §§ 63G-2-601(2), 63A-19-402, 63D-2-103(2)-(3), or other governing law, as applicable.
- b. Such a personal data request privacy notice shall generally include[18]:
 - i. the record series that the personal data will be included in;
 - ii. the reasons the person is asked to furnish the information;
 - iii. the intended purposes and uses of the information;
 - iv. the consequences for refusing to provide the information; and
 - v. the classes of persons and entities that currently:
 - vi. share the information with the department; or
 - vii. receive the information from the department on a regular or contractual basis.

10. Individual Requests

- a. The CAO of Cache County shall ensure that the County has established appropriate processes and procedures that facilitate compliance with applicable governing law for handling the following privacy requests of individuals:
- b. Individual's requests to access their personal data;
- c. Individual's requests to amend or correct their personal data;
- d. Individual's requests for an explanation of the purposes and uses of their personal data; and

- e. At-risk governmental employee requests to restrict access to their personal data.
- f. The CAO shall ensure that the County has established processes for public access requests to inspect or copy the County's records, which are not requests from an individual to access their personal data.[19]
- g. The CAO shall ensure that employees of the County follow established business practices with respect to GRAMA.[20]

11. Processing

11.1. Minimum Data Necessary

- a. The CAO shall ensure that all programs within the County obtain and process only the minimum amount of personal data reasonably necessary to efficiently achieve a specified purpose.[21]
- b. The CAO shall ensure that all programs within the County regularly review their data collection practices to ensure compliance with the data minimization requirement.

11.2. Record and Data Sharing or Selling Policy

- a. Cache County will only share or disclose personal data when there is appropriate legal authority. The sale of personal data is prohibited unless required by law.
- b. Data sharing must comply with GRAMA or other governing law and may include sharing with governmental entities, contractors, private providers, or researchers. Compliance with GRAMA or other governing law is contingent upon the purpose of the sharing, the parties involved, and the nature of the records.
- c. The CAO is required to report annually to the Chief Privacy Officer on personal data sharing and selling activities, including types of data shared, the legal basis for sharing, and the entities receiving this data.
- d. All contracts involving personal data must incorporate appropriate privacy protection terms. Written agreements for data sharing are recommended to ensure compliance with applicable laws and regulations.

11.3. Retention and Disposition of Records Containing Personal Data

- a. Employees shall maintain, archive, and dispose of records—which includes all personal data—in accordance with an approved retention schedule.[22]
- b. Employees shall comply with all other applicable laws or regulations related to retention or disposition of specific personal data held by Cache County or by a particular operating unit or program of the county.

12. Information Security

12.1. Incident Response

- a. Cache County adopts and follows the DTS Cybersecurity Incident Response Plan to manage and address all security incidents, including data breaches, and privacy violations.
- b. Employees shall report all suspected security incidents, including non-IT incidents such as unauthorized access to physical records, to the Enterprise Information Security Office (EISO). Any additional agency-specific response measures for non-IT incidents are the responsibility of the CAO to develop and implement as appropriate.
- c. The CAO shall ensure compliance with all other applicable laws or regulations related to incident response and breach notification of specific personal data held by the County.

12.2. Breach Notification

- a. The County is required to provide notice to an individual or the legal guardian of an individual, if the individual's personal data is affected by a data breach in accordance with Utah Code § 63A-19-406.[23]
- b. The CAO is required to notify the Cyber Center and the state attorney general's office of a data breach affecting 500 or more individuals in accordance with Utah Code § 63A-19-405. If the County experiences a data breach affecting fewer than 500 individuals the CAO must create and report an internal incident report in accordance with Utah Code § 63A-19-405(5). These requirements are in addition to any other reporting requirement that the County may be subject to.
- c. The County is subject to other breach notification requirements, such as those required for compliance with federal regulations, laws or other governing requirements (e.g., HIPAA or 42 CFR Part 2) are currently required to create and maintain their own department specific breach notification policies and procedures that meet the requirements of the applicable governing laws and regulations.

13. Surveillance

13.1. Covert Surveillance

- a. Employees may not establish, maintain, or use undisclosed or covert surveillance of individuals unless permitted by law.[24]
- b. Employees are responsible for engaging with appropriate leadership for review—to include legal counsel where pertinent—of any activity that may be considered a type of surveillance.
- c. The CAO shall ensure that surveillance activities are documented and that a PIA for the activity has been completed.

13.2. Cookies, Fingerprinting, Key Loggers, and Tracking Technologies

- a. Cache County is committed to transparency and privacy protection for individuals that visit a website of the county with regard to the use of any tracking technologies, including but not limited to cookies, device fingerprinting, key loggers, and other similar methods for monitoring or collecting information from website users..
- b. Cookies
 - i. The use of cookies on county websites and digital services must comply with applicable privacy and security policies. Cookies should be limited to essential operational purposes, and any use of tracking or third-party cookies for analytics or similar functions must be disclosed clearly to users, with an option to consent where required by law.
- c. Device Fingerprinting
 - i. Device fingerprinting is prohibited unless explicitly authorized by the CAO and where the legal basis or appropriate justification for such processing is documented in a privacy impact assessment. The purpose and extent of fingerprinting must be clearly defined, documented, and disclosed to users in a privacy notice or statement that complies with applicable legal requirements.
- d. Key Loggers
 - i. Key loggers are prohibited without specific authorization from the CAO and documented justification in the activity's PIA. Key loggers may only be used when there is a clearly defined operational need that complies with security standards and legal requirements, including appropriate user notice where required.
- e. Other Tracking Technologies
 - i. The use of other tracking technologies, such as web beacons, pixel tags, or similar tools, is prohibited unless explicitly authorized by the CAO, and the legal basis for such tracking is documented in a PIA. Disclosure of these technologies must be included in user-facing privacy statements, with user consent obtained when required by law.
- f. User Notification and Consent
 - i. The county must ensure users are informed about the use of tracking technologies. A clear website privacy statement must explain the types of data collected, the purpose of the tracking, and how users can manage their preferences or consent. Any updates to tracking practices must be promptly reflected in the privacy statement.
- g. Data Security and Retention

- i. Data collected through authorized tracking technologies must be securely stored, with access limited to authorized personnel. Retention of this data must align with approved retention schedules, and the data should only be retained as long as necessary for the defined operational purpose.

RESOLUTION NO. 2025 – 43

**A RESOLUTION ADOPTING A COUNTY BUDGET FOR THE
CALENDAR YEAR 2026**

- (A) WHEREAS, Utah Code Ann. §§ 17-64-4 and 17-64-5 grant the Cache County Council the authority to "exercise all legislative powers, have all legislative duties, and perform all legislative functions of the county," and further authorize the Council to "pass ordinances," "pass resolutions," and adopt policies that conform with state and federal law; and
- (B) WHEREAS, Cache County Code § 2.12.120 gives the Cache County Council the authority to "enact ordinances and adopt resolutions necessary and appropriate to establish official policy"; and
- (C) WHEREAS, the Cache County Council is mandated by Utah Code § 17-63-305 to pass the 2026 final budget for Cache County on or before December 31st, 2025.
- (D) WHEREAS, the County Council of Cache County, Utah, in a regular meeting, lawful notice of which has been given, finds that a public hearing was held on December 2, 2025 upon lawful notice and that it is necessary and statutorily required that a budget be adopted for Cache County for the Calendar Year 2026;

NOW THEREFORE, be it resolved by the County Council of Cache County, Utah, as follows:

SECTION 1

- 1. BE IT RESOLVED that the 2026 Cache County budget in the total amount of one hundred fifteen million, six hundred ninety-eight thousand, and four dollars (\$115,698,004), the original of which is on file in the Finance Department of the Office of the Cache County Auditor and a copy of which is attached to this resolution as **Exhibit A**, is hereby adopted as and for the Cache County budget for the Calendar Year 2026 beginning on January 1, 2026 and ending on December 31, 2026, and;
- 2. BE IT RESOLVED that the 2026 budget for the Airport Authority, which is a component unit of Cache County, is hereby adopted in the amount of four million, eight hundred seventy-nine thousand, one hundred thirty-two dollars (\$4,879,132), the original of which is on file in the Finance Department of the Office of the Cache County Auditor and copies of which are attached to this resolution as **Exhibit A**, is hereby adopted as the budget for the Calendar Year 2026 beginning on January 1, 2026 and ending on December 31, 2026.

CACHE COUNTY
RESOLUTION NO. 2025 – 43

SECTION 2

The Cache County Council hereby requests that after the passage of this resolution the Cache County Auditor:

1. File a certified copy of the adopted final budget in the Cache County Finance Department, Office of the Auditor, for inspection by the public during business hours.
2. File a copy of the adopted final budget with the state auditor not later than 30 days after the day on which this resolution is passed and budget adopted.

SECTION 3

This Resolution shall become effective immediately upon adoption.
