Council Meeting

**AMBULANCE PROPOSAL: JEFF PETERSEN**

Jeff Petersen came before the Council to discuss an ambulance proposal. Mr. Petersen sees two major goals in this proposal. 1. Find a funding mechanism to fund the ambulance County wide. 2. To build a system that meets the needs of the entire County today and also looks into the future. Mr. Petersen outlined three new ambulance locations. One at the new USU station on the corner of 10<sup>th</sup> North and 12<sup>th</sup> East. Another station around 18<sup>th</sup> South and Hwy. 89-91 and a third station to be located at the Logan/Cache Airport. Council member Anhder questioned what the cost would be? Mr. Petersen proposed a \$1.00 per garbage can-unit pickup fee. This fee would generate around \$340,000.00 annually. Council member Anhder also questioned possibly getting the funding from a property tax increase? Executive Lemon said that the Ambulance Committee had looked at both options for funding. Council member Beck questioned what would happen if the county and the city can't work out funding for the plan and it folds? Paul Patrick, the State Program Director for Medical Services, said by law the state would be forced to step in and devise a plan for service.

(See attachment #3)

**REVIEW OF ELECTED OFFICIALS:**

Chairman Gibbons would like to invite the County Elected Officials to meet with the County Council. He feels that this would give the Council an opportunity to become better acquainted with the different functions of the County offices. Council member Robison reviewed a proposal to place on the next Council agenda the creation of a Public Works Department and the possible division of the County Attorney's Office. Ms. Robison stated that since it might affect some elected official's office it needs to be known that any job change will not be related to the review process but may come about due to a change in County Government structure. Chairman Gibbons asked Attorney Wyatt for an opinion from his office. Attorney Wyatt's memorandum opinion is attachment #4 in the minutes. It was decided by the Council that Council members' Anhder and Hansen would meet with Jim Smith to go over some structured questions for the Elected Officials. These questions would be submitted to the Council for review.

CLERK

However effective government may be in serving the needs of its citizens, the soul of our county and its vitality as a place to live and work depend on the relationship of families, friends and neighbors. Strengthening those bonds is not as much in the hands of institutions or governments as it is in the hearts of the people - individuals who volunteer to help people of all ages, races and religions cope with illnesses, overcome hardships and barriers, adjust to social changes, and fulfill their potential. These volunteers are the unrecognized, unsung heroes of our society.

Jennifer Conger and Marin Poole were recently named as two of our state's top honorees in The Prudential Spirit of Community Awards program. They exemplify the value of volunteer community service, and are role models to other youth as well as adults in our county. A surprising number of volunteers in communities across the nation are like Jennifer and Marin, students contributing time without expectation of reward, other than the gratification that comes from helping others. Some of these young people work in established groups; others seek new and unique ways to help others on their own.

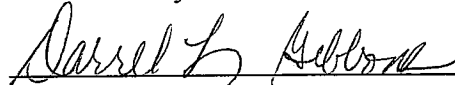

Recognizing these young volunteers and encouraging others to follow their example is the aim of this nationwide program sponsored by Prudential and the national Association of Secondary School Principals. Its aim is to reach into every county, in all 50 states, the District of Columbia and Puerto Rico, to identify and honor these unsung heroes locally, state-by-state, and then nationally, in the hopes that their recognition will serve to stimulate others to volunteer service.

On behalf of Cache County, we commend Jennifer Conger and Marin Poole, our Prudential Spirit of Community Award honorees, for their outstanding volunteer contribution to others and our county.

And, therefore, in honor of this achievement, we are proclaiming February 27, 2001 as the Jennifer Conger and Marin Poole Spirit of Community Recognition Day in Cache County.

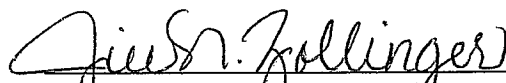

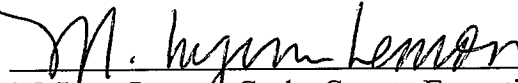

Dated this 27<sup>th</sup> day of February, 2001.

Ambulance Committee Members:

Following the direction given by the ambulance committee I have broken the proposal down into more manageable parts. I have associated these to cost estimates.

Definition of terms:

- Engine - 1500 gpm pumper that meets all current NFPA requirements.
- Rescue - Paramedic rescue vehicle capable of holding all required paramedic equipment. This vehicle will not transport patients.
- Squad - Support vehicle carrying extrication and some technical rescue equipment. May or may not have pumping capability.

	<u>Wages and Benefits</u>
Pay Rate - Paramedic	42,892
FF/EMT Intermediate	36,000
FF/EMT Basic	31,679
Part Time	\$10 Per Hr

Costs associated with setting up 2 units as Paramedic Rescue:

LP 12	9,000	S-Scort Suction	870
Tortise Pack	265	O2 Pack	250
Vacuum Splint Set	315	Traction Splints(Adult)	375
		(Pediatric)	155
Pulse Oximeter w/Ped Oxiband	810	Pediatric Immobilizer	270
Misc. Supplies	500		
Total Per Rescue			12,810
X 2 Rescues			25,620
New Suburban			30,000
<b>Total</b>			<b>55,620</b>

<u>Phase I</u>	<u>July 2002</u>	<u>Costs</u>
1- Cover over expenditures		185,000
2- Set up 2 paramedic rescues		55,620
3- Change license to Paramedic Rescue		no cost
4- Complete construction of Station 71		Grant
5- Move Engine 71 from station 70 to station 71		No cost
6- Move 1 ambulance from station 70 to station 71		No cost
7- Move 1 squad from station 70 to station 71		No cost
8- Move 2 positions from station 70 to 71		No cost
9- Have existing county FF/EMT Basic cover 1 position per shift		87,600
10- Fill 3 new FF/EMT Basic positions in station 71 to cover 1 per shift		95,037
11- Equipment for 3 new positions		6,600
12- Annual Operating costs		20,000
Total Phase I		449,857
Income @ \$1.50 per unit		510,000 *

This would allow \$60,143 to be put toward capital improvement/rolling stock annually. At this rate we would be able to buy a new ambulance every 2- 3 years. This proposal would not allow for any funds to be put toward the construction of buildings.

If the rate could be increased to \$2 per unit this would allow \$230,143 to be put toward capital improvement/rolling stock annually. At this rate we would be able to buy a new ambulance every 2 years and allow roughly \$170,143 per year toward building station 72 at 1800 south area. At that rate we would be able to construct that facility in 4 years. After that station is constructed it would take virtually all of the money left each year to cover the operating costs.

An ambulance board would be formed to oversee the allocation of funds however, the day-to-day operations of station 70 downtown, 71 USU, 72 1800 south and 73 2500 north would be under the control of Logan Fire. As the program extends out into the county the operation of those stations would be under Cache County Fire.

\* Based on the assumption that \$1 per unit would net \$340,000.

## MEMORANDUM OPINION

---

TO: Darrel L. Gibbons, Chairman, County Council

FROM: Scott Wyatt

DATE: February 27, 2001

REGARDING: County Council Authority to Supervise Elected County Officers.

---

This office has been asked to address the question of whether the Cache County Council can exercise supervisory authority over elected county administrative officers. The short answer to the question is: the Council can.

U.C.A. section 17-5-213 provides, “[the county legislative body] may supervise the official conduct of all county officers and officers of all precincts, districts, and other subdivisions of the county (except municipal corporations); see that they faithfully perform their duties, direct prosecutions for delinquencies, and when necessary require them to renew their official bonds, make reports, and present their books and accounts for inspection.”

Our Organic Act provides in section 3.13(c) that “members of the County Council shall not interfere in the administration of County affairs by the County Executive or other executive personnel.”

The Utah Code empowers councils and commissions to supervise elected officials; our organic act prohibits individual council members from interfering with the officials’ administration of County affairs. Appropriate supervision and control of salaries by the Council should not be considered “interference.” It is this office’s opinion that the Council has broad latitude in supervising elected county officials.
