### Call to Order

The meeting was called to order at 8:30 a.m.

### Review and Approval of Minutes

**Approval of Minutes:** Minutes from the previous Board meeting, March 13, 2026.

**Motion:** Mr. Cook moved to approve the minutes.

**Second:** Mr. Needham seconded the motion.

**Vote:** Unanimously approved.

### Agenda

The Board proceeded directly to the application review without a formal agenda approval.

### Items of Business, Staff Report, Overview of the Program and Process

Overview of the RAPZ & Restaurant Tax Program & the Process was covered in the March 13, 2026, Board meeting. At the conclusion of this meeting, the Board's recommendations will be reviewed to ensure their accuracy before being passed on to the Council. Feedback will be asked for to improve the RAPZ and Restaurant Tax Program process in the future.

### Items of Discussion, Review Rankings, and Determine Allocation Recommendations

Each application was reviewed and scored by each reviewer, who submitted a score for each application prior to the meeting. The total aggregate score determined the order of discussion (highest to lowest). See the list for the order in which the applications were discussed. During the board meeting, each application was discussed, a proposed award amount was presented, and a consensus award amount was reached among all Board members. Some of the recommendations were marked in yellow so they could be reviewed at the end of the meeting to determine whether any further discussion or a change to the suggested award is needed.

**Note:** Using the list of the order of discussion, applicants are strongly encouraged to review the recording for any specific feedback Board members may have given. Not all applications were given feedback.

**Financial Documentation:** A Board member raised concerns regarding the age of financial statements and tax returns provided by applicants. He suggested that Alma include stronger language in future application cycles, requiring the most current financial data (even if unaudited) to better assess the current financial health of organizations.

In compliance with the Americans with Disabilities Act, individuals needing special accommodations (including auxiliary communicative aids and services) during this meeting should notify Janeen Allen, at 755-1850 at least three working days prior to the meeting.

**Summer Citizens (Chamber of Commerce vs. USU):** Jamie Andrus (Cache Valley Chamber of Commerce) clarified that, while USU and BATC offer classes, the Chamber of Commerce owns and operates the Summer Citizens program. The program is expanding its marketing to include all local active seniors, not just visitors.

**Theater Funding Strategy:** The Board discussed a standardized approach for theater companies and ultimately recommended approximately \$25,000 per production.

### **Zoological Facilities (Willow Park Zootah)**

The Board debated the statutory 10% cap. While the 10% figure was approximately \$294,486, there was consensus to provide a cushion to help the facility through "tough times." The Board recommended \$320,000 for Zootah (contingent on Council review).

**Consolidation:** The Board expressed a preference for organizations with multiple events (like Logan Events & Activities) to submit a single, ranked application in future cycles.

**Population Parity:** Some members of the Board used a population-based calculation to ensure smaller communities receive a fair share of the \$5.5M total available funds. The total available funds were multiplied by the municipality's population percentage to arrive at a possible award amount.

The Board had a question about the Logan Youth Shakespeare entity and whether its participation was growing. Jo Leary, executive director, stated that membership fluctuates due to youth aging out. The rent money goes to the Center for the Arts. Involvement sometimes varies. It depends a lot on the production.

There were some questions about the Cache Valley Community Theater Alliance. Dakota DeWaal, the organization's Secretary, was present and answered some questions from the Board members.

### **General Board Observations and Feedback**

**Application Quality:** The Board noted a "general deterioration" in application quality this year. Several members expressed that they are comfortable recommending a fund balance (unawarded RAPZ and Restaurant Tax Funds) if we don't receive applications that meet our standards for clarity and accountability. Future applications must include specific bids, detailed reports on how prior funds were used, and clear budget consistency.

**Official Correspondence:** The Board will issue a "Letter of Encouragement" to all applicants. This letter will emphasize that the Board is not obligated to spend the full fund balance and will withhold funding for vague or poorly prepared applications in the future.

### **North Logan City Library Courtyard**

Ryan Campbell (North Logan City Parks) answered questions from the Board members. The Friends of the Library (a separate 501c3) is requesting funds for an outdoor infrastructure space. The area will host magic shows, music, and zoo programs for an estimated 50,000–60,000 annual attendees. North Logan City employees will handle much of the work.

In compliance with the Americans with Disabilities Act, individuals needing special accommodations (including auxiliary communicative aids and services) during this meeting should notify Janeen Allen, at 755-1850 at least three working days prior to the meeting.

**Bear River Heritage Area,** Utah Ukulele Festival, Emma George, Folk Art and Heritage Coordinator, a program under Bear River Association of Governments. The festival started in 2013, but in 2020 were unable to be held because of COVID. Twenty contestants will participate in a contest, with an additional 30 performers. Since inception, the highest attendance was around 2000, when it started with 800-1000 attendees; this is their goal this year. The event will be held at Willow Park as an annual event.

### Administrative & Process Feedback

**Financial Standing:** The total recommended funding leaves a surplus of **\$578,749** (~10% of the budget), providing a safer buffer than the previous year.

### Next Steps

- **Approval:** Recommendations will be sent to the County Council for final approval (scheduled for May 12th and 26th, if needed).
- **Notification:** Award and denial letters will be sent out following the Council's decision.

### Break for lunch at noon, so calculations can be updated on the spreadsheet

The meeting took a break to calculate the final awards and remaining funds. When the meeting resumed at 12:30 p.m., each award amount was discussed to ensure that the correct amount was recorded for the recommendation to the County Council.

### Review of the 2026 Application Process and Future Review Process

**Application Quality:** The Board requested that future applicants be notified to provide more detailed, clear, and up-to-date information. Messy spreadsheets that were "copy-paste" into text boxes in the applications were difficult to follow. Applicants were asked to please upload a spreadsheet in future applications.

Feedback from the Board on the process will be attached to the email with the award letter. All applicants were asked to please review the video recording. Future applications need to be thorough in their descriptions and narratives, and to include all up-to-date information and detailed explanations; some applications were vague. Ensure the application narratives are easy to follow. Applicants were encouraged to send quality applications. Some are really good, and others are very vague. Make sure the applications are concise and flowing.

The Board asked if applications could be filtered or sorted during the online review process. Alma will follow up with the software developer to see if this can be accomplished. The Board members were thanked very much for their efforts.

### Adjourn

The meeting adjourned at 1 p.m.

In compliance with the Americans with Disabilities Act, individuals needing special accommodations (including auxiliary communicative aids and services) during this meeting should notify Janeen Allen, at 755-1850 at least three working days prior to the meeting.
