

# Cache County CONNECTION

SEPTEMBER 2024

## A LOOK AT THE CACHE COUNTY CLERK/AUDITOR'S OFFICE

The Clerk/Auditor's office plays a vital role in our community, ensuring everything runs smoothly behind the scenes. With its four dedicated departments—Clerk, Elections, Tax Administration, and Finance—this office is a cornerstone of local governance.

### FROM YOUR COUNTY EXECUTIVE

One of my earliest memories about voting was going to a polling place with my parents. We walked down the street to a neighbor's house and there were polling booths set up in the garage. There were some sweet older ladies working at the tables. I remember seeing flags and thinking that it must have been an important thing for my parents to do, especially when I noticed other neighbors also coming to the polling place. It was a bit of a community gathering. Even after voting by mail began, I still enjoyed the patriotic community gathering of going to my neighborhood polling place. I'm a little sad that the process has been automated so much.

Some 30 years later, I found myself working as an elections official myself, responsible for running elections for a city. It amazed me, and it was a little overwhelming, to learn about the volumes of laws, rules, regulations and processes involved in running an election. It's a complex and tedious process, but it is a critical part of our representative republic. And the staff in our clerk's office are dedicated to carrying out elections with excellence.

*Bryson Behm, Cache County Clerk/Auditor*

(continued from pg. 1)

We've had a lot of changes in our clerk's office. Bryson Behm is the fourth elected official to hold that seat in as many years. You may have seen that, after last year's election, the county clerk's office was given suggestions for improvements from the Lt. Governor's office. After meeting with Bryson and his staff, I'm confident that they have implemented those improvements and are ready to run a flawless election this November. I'm thankful for the people in our County Clerk's office who work so hard to run our elections in Cache County today. Remember to vote this November.

## CLERK'S DEPARTMENT

The Clerk's department meticulously maintains all county records, from minutes and ordinances to marriage and business licenses. Their attention to detail ensures that our community's history and legal foundations are preserved.

## ELECTIONS

The Elections department is at the heart of our democratic process, and they work diligently to ensure that every citizen has the opportunity to participate. As we approach the upcoming election, it's important to note that ballots will be sent out the week of October 14th. This proactive approach allows voters ample time to review their options and make informed decisions. To further enhance accessibility, the Clerk's office has ensured that every city and town has a secure Dropbox for voters to return their ballots. This convenient option makes it easier than ever for residents to cast their votes and helps to streamline the voting process.

Mark your calendars—Election Day is set for November 5th. The Elections department is committed to making this day run smoothly, providing a fair and efficient experience for all voters. Their hard work not only facilitates the logistics of the election but also fosters trust in the electoral process, empowering our community to have a say in its future. Thank you to the Elections team for their unwavering dedication to the election process.

## TAX ADMINISTRATION

The Tax Administration team is essential for providing support and relief to residents, managing everything from tax relief programs to the Board of Equalization. They work diligently to ensure everyone understands their rights and obligations.

## FINANCE DEPARTMENT

The Finance department plays a crucial role in shaping our county's future by creating and managing the budget. Their careful planning helps ensure that resources are allocated wisely, benefiting all residents. Together, these departments work tirelessly to support and enhance our community, making the Clerk/Auditor's office an invaluable asset to our county.
